

WILL SUGGESTS KEEPING ROWBOAT AT LEAST FOR U. S.

(Special To The News)

BEVERLY HILLS, Cal., Nov. 4.—

Out here somewhere prowling

around is the assistant

secretary of the navy for aviation.

He was a naval ace of our late war.

Just think of appointing a man that knew something about the business.

He was appointed, too.

I think that should call for a senatorial investigation.

Knocking good politicians out of a job like that.

When he landed out here, one hundred and fifteen planes took off from one airplane carrier at intervals of ten seconds each.

But mind you, it takes many armed ships to protect this ship while these planes are taking off.

Peace is like a beautiful woman, it's wonderful, but has been known to bear watching.

So when we are having tea with Ramsay, let's hold out a rowboat, at least.

Yours,

WILL ROGERS.

Bingham Defends His Actions On Floor Of Senate

Senator Bingham, Connecticut, Makes Impassioned Plea On Floor Of Senate

DENIES CHARGES OF RESOLUTION

Pleads "Not Guilty" To Anything Dishonorable Or Immoral In Hiring Eyanson

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, Nov. 4.—

In an effort to stall off an official rebuke from the senate,

Senator Hiram Bingham (R) of Connecticut, made an impassioned defense on the floor

of the senate today of his employment of a paid lobbyist

to aid in writing the new tariff bill.

He admitted he may have made an error in judgment but he pleaded he had done nothing immoral, unethical or dishonorable.

Pleads "Not Guilty"

He pleaded "not guilty" to all three charges carried in the Norris resolution that his action was contrary to good morals, contrary to senatorial ethics and tending to bring the senate into dishonor and disrepute.

Bingham again insisted he had done nothing wrong but perhaps had been guilty of being "indiscreet and overzealous."

"In the first place it is claimed that the employment of Mr. Eyanson was contrary to good morals," said Bingham. "It is difficult to know exactly what is meant by this expression 'contrary to good morals,' but if it means anything at all it must mean that there was something in this employment which was immoral in the sense of being dishonorable or corrupt. To this charge, Mr. President, I plead not guilty."

"There was nothing in my employment of being 'indiscreet and overzealous.'"

VOTE "YES" ON ALL FIVE BOND ISSUES

Tomorrow the electors of New Castle will vote on approval of a five year bond issue improvement program for New Castle.

The bond issues are being submitted by the city council, due to the fact that funds must be provided for needed improvements.

Councilmen believe that the best method of financing the improvements is by the long term bond issue, such as used in practically all cities of the nation.

Hence, approval of the projected issues is being asked.

The News believes that the approval asked should be given, that favorable action on the bond issues is vital to progress here and that needs of the city demand that the funds be provided.

New Castle electors are thus urged to vote "YES" on each one of the five issues submitted.

Progress of New Castle along both civic and industrial lines will be vitally affected by the approval or disapproval of the bond issue projects.

Tomorrow is the day—we vote for or against city progress.

VOTE "YES" ON ALL FIVE OF THE BOND ISSUES.

Quiet Campaign Ends On Tuesday

City And County Officers To Be Elected By Citizens Tuesday

CITY BOND ISSUES ALSO BEFORE VOTERS

New Castle and Lawrence County will select a number of officials for four year terms on Tuesday, November 5, when the county wide election will be held. While the interest manifest in this election is not comparable to the one of November 1928, yet the offices to be filled are highly important and in addition, New Castle votes on five bond issues for improvements.

For sheriff, Frank N. Johnston is running on the Republican ticket and William R. Hanna on the Democratic ticket. For district attorney, John S. Powers, Republican is opposed by Clarence A. Patterson, Democrat. For Register and Recorder, Miss Jeanette W. Hutton has no opposition. For Jury Commissioner, (two to elect) Howard D. Leslie is the Republican candidate, W. M. Newswander the Democratic candidate and John T. Young the Prohibition candidate.

In the city fight for council the Republicans nominated W. S. Treser and L. G. Genkinger. The Democrats nominated Joseph Hahn and M. L. Wallace. For City Controller Phil G. Greer has no opposition, nor have any of the school director candidates, Dr. W. D. Cleland, A. W. Bauman, Mrs. Ethel Ashmore Douthett and Daniel B. Woolcock.

For the proposed five bond issues totalling \$1,250,000, for city improvements a special ballot has been printed. The polls open at seven o'clock Eastern Standard time and close at seven P. M. Eastern Standard time.

Guard Is Beaten
Guard J. R. Montgomery was beaten into unconsciousness after the three men had saved their way through a new cell block which had been previously considered "escape-proof."

Guy Tennent, 32, of Cuyahoga county, and Will Miller, 20, of Lawrence county, are the two convicts who escaped and were at large at 8:45 o'clock this morning.

The convicts had smuggled three drills, a brace and two heavy pieces of steel from the machine shop. They drilled through the top of a cell block.

They made no attempt to conceal their actions. When they gained the top of the block they threw a large piece of stone down into the streets outside of the wall. It hit a street light and broke it.

Prisoner Wounded
Guard Montgomery rushed from his position at a corner tower and he was slugged, the men using a heavy piece of steel. It was in the gunfight which followed on top of the wide prison walls and in the glare of huge searchlights that Brooker was wounded.

The men had grabbed the shotgun of Guard Montgomery and they exchanged shots with two guards whose posts were on the ground inside the walls.

A rope, which apparently had been made from bed clothing, was dropped to the outside and the men slipped down this to freedom.

To Break Ground For New Church

Formal Ceremonies May Be Planned For Next Sunday

CHURCH TO COST ABOUT \$175,000

With the contract let for the excavation of the cellar of the Epworth M. E. church, it is probable that the formal ground breaking will take place on Sunday afternoon, November 10. No announcement has been made of this as yet, but the indications are that it will be.

Work on the new church will be rushed as fast as it is possible as the officers and members of Epworth are desirous of getting into the new building at the first possible moment.

It is estimated that the new church will cost approximately \$175,000. Of this amount about \$125,000 is now in sight, the money either being paid in or pledged. The balance will not be a burdensome debt.

The contract for the excavation of the cellar of the church was let to Woods & Golder.

Pittsburgh Fireman Is Severely Injured

Fireman Thrown From Truck Is Run Over By Truck Following In Answering Alarm

(International News Service)
PITTSBURGH, Nov. 4.—Michael T. McCarthy, 43, of Carrick, a Pittsburgh fireman, is in the hospital today suffering serious internal injuries which he received last night when he fell from a fire truck and was run over by the truck following as they answered a call when fire broke out in a Pennsylvania railroad warehouse here. McCarthy was thrown from the truck as it entered the railroad yards. Firemen confined the flames to the one building, made of corrugated sheet steel and damage was slight.

TO ELECTION BOARDS

As a matter of aiding in the early compilation of the results of the election in the city and county tomorrow, election boards serving in the city and county are requested to telephone or send returns from their precinct to The News as soon as the count is available.

The News phones are No. 4000. Some election boards have co-operated nicely in the past in this matter and some have failed to aid in any manner. It is the hope of The News that all will co-operate on Tuesday evening.

Senator Smoot Leads Drive To Speed Up Tariff

Smoot, Chairman Of Finance Committee Ready To Force Consideration Of Schedule

BINGHAM CASE CAUSES DELAY

President Hoover's Challenge To Senate On Tariff Seems To Have Borne Fruit

By WILLIAM S. NEAL,
International News Service Staff Correspondent

WASHINGTON, Nov. 4.—Prospects for more voting and less speech-making on the Hawley-Smoot Tariff Bill grew perceptibly brighter today with Senator Reed Smoot (R) of Utah, chairman of the finance committee ready to force consideration of every schedule in regular order regardless of pleas of members who may want to leave town on other business.

Although the senate was confronted at the outset of a new week's work on the tariff with interruption for consideration of the Bingham censure resolution, a half dozen were ready to protest against delay for any less important matter.

Meantime representatives of the three major factions in the tariff fight, the Democrats, Progressive Republicans and regulars were conferring with a view to working out a "gentleman's agreement" by which many amendments could be agreed to off the floor, speeding disposition of the bill.

There was ample evidence President Hoover's virtual challenge to the senate to prove its ability to legislate was having a marked effect, despite the criticism which his demand for speed evoked.

An attack by Senator LaFollette (R) of Wisconsin on the coal tar schedules of the chemical section loomed as one of the first big fights of the week. Charging the chemical industry is a virtual monopoly and making extortionate profits, the Wisconsin senator is planning a fight to slash rates granted when the United States started out to seize chemical leadership from Germany.

The Democratic national organization continued its attacks on the tariff bill as framed by the Republican finance committee, Mrs. Nellie Taylor Ross, ex-governor of Wyoming, issued a claim the tariff has become a topic of live interest with housewives of the country.

Regardless of party lines, she declared, they are exerting pressure to prevent exorbitant boosts in the tariff upon clothes, sugar and other articles that effect the home budget. She quoted Mrs. Julian Heath, president of the National Housewives League, as condemning in particular the sugar tariff.

(International News Service)
PHILADELPHIA, Nov. 4.—Philadelphia police joined in the search today for a love-crazed New Jersey mother believed to have slain her eight-year-old daughter in order to be free to enjoy life of pleasure here. The lime-covered skeleton of the child was found under a clump of bushes at National Park, N. J., Saturday.

A laundry mark on the sheet covering the remains of the girl's body led to a Camden home where it was found the attractive mother of a young girl who disappeared last June had fled to Philadelphia. The body, police say, was that of the missing girl but the identity of both the mother and child was withheld, pending arrest of the mother.

A poverty-stricken lover with whom the mother is said to have been infatuated also is being sought in connection with the crime. Police believe the penniless condition of the couple prevented their marriage so long as the child was alive. With this as a motive the enamored woman is thought to have done away with the girl.

NEW YORK CITY'S HECTIC MAYORALTY BATTLE IS ENDING

(Continued From Page One)

Jamming the mayor for weeks, particularly for failure of the Walker administration to solve the murder of Arnold Rothstein, the gambler who was mysteriously shot in a hotel here a year ago tonight. Many sinister charges were made in this connection. Thomas, meanwhile, conducted his campaign on a high plane, avoiding personalities.

Mayor Walker maintained a dignified and scornful silence in the face of these allegations until recently. His opponents brought him rushing pell mell into the political ring when they accused him of being a Broadway "playboy." This charge the mayor indignantly refuted, asserting he had been in night clubs only three times in the last few years. He also took umbrage at statements that he was a "clothes dummy." The dressy young mayor retorted he would rig himself up in overalls if he thought he could better serve his constituents.

Says Auto Not Licensed Taxi

Investigation by Peter Rupp, local taxicab operator, in regard to the accident Friday night on East Lutton street, when the car in which R. H. Hammond and Mrs. Emma Bonzo were riding was wrecked and the occupants injured, shows that the car was not a regular licensed taxicab. The car had been hired as a taxicab, but had no license to function as such, his investigation shows, he stated to The News today.

Many bears have been seen lately in Clarion county. Mr. and Mrs. George Berlin of Knox, Pa., encountered three black bears while in a hunting camp near Clarion. Several others were seen, one by Jess Sarvey, in the Clarion cemetery. Another bear crawled down the bank of Clarion river and crossed a highway in front of the car of Edgar Hugs of Clarion. Other people have reported catching glimpses of bears along the roads.

Some one was taking no chances on getting their quota of rabbits the first day of hunting season, since five rabbits were stolen from the home of T. H. Beighley on Butler avenue November 1.

A Buick sedan, license No. 89-318, found itself facing in the opposite direction after having been hit by a yellow roadster Sunday on one of the many hills on the Butler road, one-half mile from Dixie Inn. The yellow car was forced up on a bank. There was no one hurt, fortunately.

Daring Silk Thieves Get \$35,000 In Loot

(International News Service)

WILKES-BARRE, Pa., Nov. 4.—In one of the most daring daylight hold-ups ever perpetrated in this section, five bandits today bound and gagged the watchman of the Empire Silk Throwing company in Hanover township, loaded fifty bales of silk valued at \$35,000 onto a truck and escaped.

A detail of police was rushed to the scene but the robbers had disappeared, leaving no trace of their lightning-like visit.

BINGHAM DEFENDS HIS ACTIONS ON FLOOR OF SENATE

ment which was dishonorable or corrupt. Not one dollar of the public money was wasted. Not a single taxpayer's dollar was employed for any sinister purpose. I did not profit to the extent of one dollar invested in any of the Connecticut companies seeking an increase in tariff rates which might be presumed to be represented by an official of the Connecticut Manufacturers Association.

Not a penny of the public money stuck to my fingers nor to the fingers of Mr. Eyanson. On the contrary whatever he received while on the government payroll was turned over to the clerk who continued to perform the same functions in my office as he had done previously and as he has continued to do since.

Eyanson Loaned

"There was nothing about the transaction that was dishonorable or corrupt. The Connecticut Manufacturers Association did not seek any unfair advantages. In loaning me one of their highly paid officials they did so at my request in order that I might secure that person in Connecticut who was best posted on all sides of the tariff problem.

"Mr. Eyanson behaved throughout in an exemplary manner, endeavoring his best to present to me the facts as to why certain increases or certain decreases in the tariff schedules were necessary. In no case did he attempt to deceive me. In all cases did he make an effort to bring the facts to my attention. He is a highly trained business executive. He had a splendid record and has a splendid record in business. Of all my constituents I believed him to be the best posted on the bill passed by the house of representatives. In all his relations with me there was nothing dishonorable or corrupt in the slightest degree. There was nothing contrary to good morals."

Shows Up Practices

Bingham pointed out that some senators carry their relatives, including sons and daughters, on the Senate payrolls. He spoke, too, of the custom of paying salaries to the wives of clerks, who do no work. In such cases, he added, the Senate gives the clerk involved the right to use these clerks as he sees fit. In the Eyanson case, Bingham continued, he did only what he thought was right.

"Whatever mistakes of judgment I may have made, however indiscreet or over-zealous I may have been," he continued, "the fact remains that I did what I did so that I might the better serve my constituents and uphold the high protective tariff for the benefit of American manufacturers and American workmen."

"My sole purpose, my sole object, was to be better able to present the case of my constituents, my employees and consumers and the better to meet the arguments of those opposed to the high protective tariff. This was my motive."

Senator Dill (D) of Washington asked him why he hadn't informed other senators that Eyanson was on the payroll of the Connecticut association.

"My action in not telling everything probably was wrong," Bingham replied. "It simply did not occur to me."

Senator Gillett (R) of Massachusetts, opposed the resolution, saying he did not believe it was the "duty of the Senate to pass upon the propriety or impropriety, the discretion or indiscretion of a senator."

Gillett was extremely critical of Bingham's action in placing Eyanson on the rolls as a clerk and getting him in the finance committee secret sessions.

"The senator's action seems so indiscreet and shows such an ingenuity as to results that I am surprised, but still I do not think that it calls for Senate action," said Gillett.

He said Bingham should have known he would be charged with seeking to represent only part of his constituents—the manufacturers—but he thought Bingham employed Eyanson only to help get facts.

He declared a Democratic senator recently asked a lobbyist, who had convinced him on a tariff rate, to come to him just before the Senate met, so that he could have arguments fresh in his mind.

All who sought to remove the fabled treasures of the San Joaquin gold mine near Santa Eulalia, Chihuahua, are dead. For 300 years men have been killing themselves over the gold mine and tradition has it that the Indians who originally worked the mine placed a curse upon it when the first conquistadores of Cortez seized it.

At Sessions

(BULLETIN)

WASHINGTON, Nov. 4.—Members of the house of representatives have transacted business on the floor while drunk, Senator Frederick H. Gillett (R) of Massachusetts, ex-speaker of the house, declared during a speech in the senate today.

His remarks brought a gasp from the senate for their frankness but evoked no protest. He made them during a defense of Senator Bingham (R) of Connecticut, in debate on the Norris resolution of censure.

"When I was in the other branch (the house) I frequently saw members transacting business under the influence of liquor," said Gillett. "But I did not think it necessary to adopt a resolution of condemnation."

"But that was no secret," interposed Senator Norris (R) of Nebraska. "It was not secret to those there but it was to the great American people," said Gillett.

"It was not a secret to those in the capitol," replied Norris.

"No."

The senate also received news that prohibition would break out in debate again, Senator Brookhart (R) of Iowa saying that he would discuss it tomorrow.

"I will talk upon the prohibition situation in general and Wall street booze in particular," said Brookhart. The Iowa senator is under subpoena to appear before a grand jury here to tell of a dinner given by a New York financier to new senators at which, he claimed, liquor was served.

Tenants Who Gossip Are Most Disliked

PORT WORTH, Texas, Nov. 4.—The most disliked apartment house tenants are not those who throw wild parties, but the ones who gossip too freely, a local apartment owners' association has revealed.

Heavy gossipers were virtually blacklisted by the organization. It was declared a number of tenants had been ousted for talking too much.

Queerly enough, the owners rather favored those who threw an occasional "whoopie" party. The reason given was that such affairs were an indication of prosperity and the "party pitchers" were not likely to become rent jumpers.

ARE SUPREMELY SMART TODAY

FORGOTTEN for nearly a hundred years, pewter is found again in the finest homes. The dull, polished gleam of its satin surface has a pleasant, mellow quality unmatched in other metals. And the severity of line and detail which generally characterizes pewter designs, fits easily into the modern decorative scheme.

Some delightful pieces by the Inisco craftsmen are pictured here. Other reproductions of the best Colonial ware are included in our stock.

TUESDAY'S OBLIGATION

ONE year ago, on election day, the polls in New Castle and Lawrence county were crowded with one of the greatest outpourings of voters in the history of this district.

Tomorrow, another election will be held.

It is just as much a duty of citizenship to go to the polls tomorrow and vote as it was one year ago.

Makes no difference if the issues do not seem to you to be so vital, or that there may have been no spirited campaign preceding the election.

The duties of citizenship make no allowances in the matter of elections. Every voting day is important.

City and county officials are to be named tomorrow. Likewise, in New Castle five bond issues are to be voted on.

Every eligible man and woman in the city should exercise the right of franchise on Tuesday.

GET OUT AND VOTE!

THE THRILL SEEKERS

Some recent airplane accidents indicate that youth's desire for thrills was a contributing cause. Young "joyriders" in the early days of the automobile had the same feeling about a new machine. "Stepping on the gas," chasing cows and chickens, spreading panic among buggy riders, "burning up the road" provided excitement. Traveling smoothly at a sedate pace lacked the essential kick. The throbbing machine was an invitation to try it out. Smash-ups were inevitable, and it was a blessing that the fast cars of today and the slow roads of that period were not contemporaneous.

The tyro of the air experiences the same reaction. His first airplane ride is devoid of breath-taking thrills and he is disappointed. The trip is without bumps or slides or loop-the-loops; riding in a taxi is more uneven. But for the dial in front of the pilot there would be nothing to indicate that the craft is beating through the air at tremendous speed. So the passenger calls for stunts.

Perhaps the Guggenheim foundation had these air enthusiasts—their number is legion—in mind when it offered a prize for a "fool-proof" airplane. Four-wheel brakes and good roads save the necks of many "young fools" at the wheels of motor cars. It is more difficult when they take to the air.

A GOOD PRECEDENT

Secretary of State Stimson is obviously of different timber from his predecessors, Kellogg and Hughes. While time and circumstances have not yet permitted him to prove himself a better secretary of state, he has already shown himself to be less officially hysterical, foolishly prejudiced and petty.

Count and Countess Karolyi, Hungarian Socialists, were barred from the United States, first by former Secretary Hughes and then by Kellogg, because their political opinions were contrary to those of the state department. The United States was closed to them not because they were "undesirable aliens" but because they were "dangerous foreigners."

Again they knock on Uncle Sam's front door and Secretary Stimson welcomes them to America by issuing to them an unconditional temporary visa. His only comment is "the visitors are allied with no group inimical to the United States."

Certainly the Stimson policy and attitude are more logical and sane than those of his predecessors. It is inconceivable that a couple of foreigners should be able to weaken our governmental structure by mere oratory and by their presence on American soil. And to bar them out of fear for the safety and perpetuity of American institutions and ideals is to brand those institutions and ideals as tottering fallacies and the American people as highly impressionable adolescents.

If there are superior substitutes for things American, Americans want to know it. By the same token the people of the United States should know, by actual contact, wherein their institutions are superior.

TURKEYS PLENTIFUL FOR THANKSGIVING

The department of agriculture announces a plentiful supply of turkeys and Thanksgiving dinner trimmings. Crop reports favorably mention cranberries, lettuce, celery and English walnuts. White potatoes and citrus fruits are less abundant.

Apart from palatable implications the good news about turkeys is significant economically. The better quality of birds is due in part to information the department has furnished the breeders after a special study of the subject. Marketing conditions have also improved as a result of the government's grading program.

This revival of the turkey industry, which had been declining for some years, is an illustration of what can be done in specialized farming when the problem is tackled intelligently.

The electric light is 50 years old, but the electric bell is older, some having been out of order longer than that.

Another myth has been annihilated. Several of the 10 greatest women selected by Mr. Ludwig for a magazine were mothers-in-law.

The Way OF THE World

By GROVE PATTERSON

revocably to memory, he would be using his time more wisely than to copy the whole book word for word.

IRREGULAR HABITS
Most of us are brought up to believe in the beauty and power of regular habits. We are made to think we should sleep at the right time, and always enough; rise early, at the same hour every morning; eat regularly, and fast, routine of daily existence. Maybe so. At least maybe so for some people. Comes now the personal physician of King Alphonso, of Spain, and bears testimony. He says: "The king is in beautiful health because he has never been a man of regular habits."

"My sovereign has never been a slave to regular diet, regular sleep, regular exercise, or regular anything else. He is not so stupid. Consequently, at the age of 43, he is in beautiful health, and he has never had a serious illness in his life."

"The only worry he causes me arises from the fact he is so busy he does not get enough sleep—in my opinion. Even kings should sleep eight hours, but he only gets about six and a half."

"Perhaps it is his moderation in eating and drinking which counteracts the bad effects of insufficient sleep. He eats less than half the amount the average man does, and he drinks very lightly."

The earth turns on its axis about 1,000 miles an hour, 25,000 miles in 24 hours. Because of its size, the earth's motion is slow.

At the same comparative rate of speed you could not detect any motion in a cart wheel, revolving once in 24 hours.

However, as President Hoover justly complains, there is something slower, and that's the senator's motion on the tariff.

It has been considering a tariff bill, as the President says, since June, with 15 schedules to work out, and has not yet completed schedule 1.

In the Wall street canyon, leading from Trinity church, where men give thanks for winning, down to East river docks convenient for jumping, all was quiet Friday. Sparrows were picking up crumbs from messenger boys' lunches. They are scarce. Wall street boys usually go to restaurants.

In brokers' offices clerks and bosses were working day and night, catching up. They also had collected some crumbs, while customers were collecting large crumbs of experience.

Will Rogers says it will comfort "poor people who lost their stock in the late crash to know that it has fallen into the hands of Mr. Rockefeller, who will see that it has a good home."

Mr. Rogers, not by accident the richest actor and manager in the world, knows that Mr. Rockefeller's purchases plus purchases by George F. Baker and others, and the wise increase in dividends of corporations that could afford it, saved thousands of the little people from complete destruction.

F. H. Ecker, president of Metropolitan life, biggest insurance company in the world, replies, to a question concerning recent Wall street excitement:

"Drastic deflation of market prices of shares of common stock in nowise affects life insurance policies issued by companies whose investment practice, guided by laws such as those of the state of New York, or the sound judgment of executives, excludes common stocks from their holdings."

"More than ever has this recent experience demonstrated that life insurance is the safest, most dependable repository for the savings of millions of our population, furnishing at the same time sound protection against loss which follows in the wake of death."

New York has the world's first news theater. Its moving pictures show news events only, and, being "sound newsreels," they tell both the ear and the eye what has happened.

The first "news theater" in the world, the Embassy, exhibiting Fox-Hearst news pictures from all over earth, showed last night actual moving pictures of the Italian Crown Prince visiting his finances in Belgium. The noise of a shot, fired in a futile attempt to assassinate him, was heard in a theater 3,000 miles away.

You would not have expected that 25 years ago.

Alfred P. Sloan Jr., head of General Motors, back from Europe Friday, sees no "logical reason for such action as has occurred in security values."

Business is sound, says Mr. Sloan. He believes that the quarter earnings for General Motors will be ahead of the same period for last year.

Edsel Ford announces reductions in prices, expressing the belief of the Ford organization that "basically, the industry and business of the country are sound."

There is no better contribution to prosperity than to give buyers more for their money, when greater efficiency makes that possible. It isn't how much money you get, but what you get for your money that counts.

Kemal Pash, boss of Turkey, wants to join the "United States of Europe," if and when that brotherhood is organized.

If Mussolini should follow Kemal's example, and join also, the United States of Europe would have material for a first-class war within its borders from the start. Mussolini has not forgotten Kemal's statement, "If you ever attack Turkey, your one difficulty will be to find room to bury the Italians that I shall kill for you."

Nova Scotia, having enough of prohibition, votes to end it and substitute sale of alcohol by the government. Ten years ago the vote was overwhelmingly in favor of prohibition.

Rum runners and bootleggers financed and worked for the prohibition campaign, which is not surprising. Lunenburg, Nova Scotia's greatest fishing center, also wanted prohibition. Rum running makes fishing boats valuable property.

INDIAN LORE

One of the lady tourists to a western reservation was a human questionaire and at Inquiry No. 1,000 even the long-suffering guide was losing his patience. "Oh, tell me," she cried, "who is that great tall Indian standing by himself over there?" "Madam," answered the weary guide, "that is Sitting Bull. He is on his vacation."

"Run upstairs and get my watch," "Wait a while and it will run down." "No, it won't; ours is a winding staircase."

Hints and Dints

Sun sets tonight 4:55. Sun rises tomorrow 6:33.

When a feather is found in the hot daws the dawg is evidently made from a bird dog.

In Neighboring Industrial Cities Mass Meetings are being held to Boost Bond Issues, and Not to Buck them. That's why those Places are Industrial Cities.

A preacher told us he could not agree with everything we print in this column, but still on the whole he thought it was very good. We never expected preachers to agree on very much that we write because it is not preacher's stuff. This preacher's wife, however, said she enjoyed the column immensely. Nice compliment at that.

"A discreet man will always be ignorant of more than he knows."

A schoolboy was asked the other day by his teacher, "How do you spell Schenectady?" He promptly answered "WGY."

You cannot have Country Conditions in a City. Those who want taxes Like they have at Harlansburg and Out in Union Township Will have to stay In those places They will kick even There at the School Taxes which are even Higher than in this City. We must have Schools!

There is a new type of airplane that will not go into a nosedive. Now if they can get one that will stay up until it is wanted to come down the airplane business will get big right away.

Increased dividends on stocks that have tumbled is a sure way to make them come back to the high prices they enjoyed a short time ago.

Motorist—Is it very far to the next town?

Native—Well, it seems further'n it is, but it ain't.

You will find that Most of the people Opposed to the Bond Issue have been Obstructionists more Or less all their lives. New Castle has Suffered A Lot from this Class And Boosters are Tired of Their Tactics. Vote for the Bond Issue And make New Castle The Great City It Should and will be.

At Uniontown, Pa., a man wants a divorce because his wife made him stay at home and mind the baby while she attended shows and dances four and five nights a week. That bird isn't up to date or he would know better than to whine about a little thing like that.

Tomorrow you will Vote on the Bond Issue. Your Vote will Either Be For Progress or a Backward Step in the Industrial Life Of New Castle. Do not make the Mistake Of Voting Against the Bond Issue.

"What always come in pairs?" "Scissors?" "No; pear seeds."

Can you tell, off-hand, how many V's there are on the dial face of your clock?

A new venture in "get there quick" schemes is the airplane ambulance to convey sick or injured persons, where the case is desperate, to the hospital for immediate treatment. While many sick people would be glad to avail themselves of this op-

portunity, others would have to be tied with a clothes line and taken by force. The sight of the soft pillows and general easy layout would cause many people who were never sick a day in their lives to swear they were all in, in order to get the ride.

Following in the wake of an old briar pipe that rattles and is burned away down on one side, when the owner is throwing out a smoke screen, is a heap like being gassed in going over the top.

If you Vote for the Bond Issue Tomorrow You will never Regret it If you are Progressive In the Civic and Industrial Life of New Castle. If you Don't Care It's Your Funeral.

The Prince of Wales says he does not get married because he would have to give a wife at least twelve hours a day out of the twenty-four. Well, he could get a daylight job and stay out late at nights and reduce that number of hours with her quite a bit. Lots of men do it.

It was little Flossie's first day at school. Her name had been registered, and the teacher asked, "Have you any brothers or sisters?" "Yes, ma'am," answered Flossie. "Are you the oldest one of the family?" "Father and mother's both older'n me."

There are People who Say we have too many Policemen. We really Ought to have about Twenty More than we Now Have. No one need Be afraid of a Policeman. The Highest Taxed section of New Castle never Sees a Policeman Unless he is Sent for Special. No more Policemen are Asked for in the Bond Issue!

Speaking about the world getting better. You did not hear about Slave rings destroying the lives of thousands of young girls thirty years ago. Every big city has this evil to contend with now.

Kind Old Gentleman: "What is your little brother's name?" "Buddy." "His name would be Jack if he was my brother, but he ain't and her name is Ruth."

A wild rabbit was seen on Mill street a few days ago and a deer was seen on a North Hill street about the same time. Vote for the bond issue. You Sabote!

Hoover's Florida Selection Wins Popular Commendation

Defiance Of Republican Organization Approved By Many Persons In Both Parties, Though Appointments In Other States Are Questioned

President Hoover's statement that appointments must be based on merit, in rejecting the demands of the Florida Republican organization, while naming a district attorney for that state, is widely commended by members of both political parties. Some critics of the opposition party, however, raise the question whether he has maintained this policy in other states, particularly in Pennsylvania.

"Were such a course followed in all appointments to office, high and low," thinks the SAN ANTONIO EXPRESS, (Ind. Dem.), "the blight of patronage would disappear, and the standard of public service be elevated. Of course, the underlying principle is old and universally accepted; but application of the doctrine to the practical business of government is another matter." The Express recalls "President Jefferson's remark to Baron von Humboldt in 1807, which Abram S. Hewitt paraphrased into the familiar saying, 'A public office is a public trust,' and adds: 'So considered, no office rightly may be used to reward a faithful campaign servant or to strengthen the political position of either individual or party. When an office is so used, or when appointments are based on grounds other than merit alone, the people's interests—which should be considered first—almost invariably suffer.'"

"This action on the part of the President," in the opinion of the NEWARK EVENING NEWS (Ind.), "need not be construed as unwillingness to co-operate in the strengthening of the Republican party in Florida. He declared he wanted to co-operate with the organization if the organization presents candidates who measure up to its requirements of public service." The success of the Republican party in the South, and other states, for that matter, rests upon good government, not on the words of Mr. Hoover cannot fail to leave an impression that will deepen if the Florida patronage program is made to apply generally.

"Our patronage system," declares the SANTA BARBARA DAILY NEWS (Dem.), "is hopelessly bad. Even at best it ties public office to close to party machinery and leaves too much power to the party leaders. It permits other considerations than good government to have too high a place in the filling of official posts. President Hoover has done well to let the politicians and the government machinery."

"It happens that President Hoover not only assumes that stand, but he holds the fort," says the ELMIRA STAR-GAZETTE (Ind.), with the explanation that "of course, Mr. Hoover could take no other stand"; that "it is one generally assumed by those who hold in their hands the Star-Gazette pays the further tribute that 'he has done it before, and he has not been shaken from his position.'"

The WORCESTER TELEGRAM (Ind.) is impelled to conclude from the incident that "Mr. Hoover is thus a better President than some of his supporters wished for." "It is difficult at this distance," according to the PROVIDENCE JOURNAL (Ind.), "to appraise the qualifications of the six rejected candidates as compared with those of Mr. Hughes, the President's final choice. But of the President's ultimate responsibility in such matters there can be no doubt; nor can there be any hesitation in condemning the attitude said to have been adopted by the Florida Republican organization in favor of its unrestricted privilege of choosing appointees."

"Old-time line politicians in those states," suggests the PHILADELPHIA EVENING BULLETIN (Ind. Rep.), "naturally conceive of their organizations as patronage-dispensing, spoils-distributing agencies. That has been the traditional attitude of Republican organization politicians in the South. As a rule, they made no attempt to increase the party vote, for the smaller co-operation of independent and progressive citizens was not welcomed. The state bosses cared only about the control of the federal patronage allotted to the state, and the power which the ownership of delegations to national conventions gave them. Many have given lip service to the doctrine that public office must be administered by its incumbent as an opportunity of public service. But the President means it, a fact of which southern spoils mongers now have ample evidence."

Some Democratic critics of the President charge inconsistency on his part, drawing a parallel between Florida and some other states. The CHARLESTON EVENING POST (Ind. Dem.) says on this point: "Why should it be competent to appoint a federal judge in Pennsylvania and another in Kansas to office for political reasons, and not so to appoint a district attorney in Florida on a like basis? We should say the Florida Republicans have had good grounds for their protest and a right to demand party with their fellow partisans of other commonwealths." Similarly the BALTIMORE SUN (Ind. Dem.), declares that "if unfit appointments are to be made elsewhere simply because political leaders will not submit proper candidates, pious reflections on the viciousness of this practice will not cut much ice."

Commendation of Mr. Hoover for his stand in Florida is given by the PHILADELPHIA RECORD (Ind. Dem.) which holds "that he has taken quite different ground in a similar case," and continues: "He shows no sign of applying his admirable doctrine to a federal appointment in Pennsylvania (the Watson case) which is in controversy." The

CHATTANOOGA TIMES (Ind. Dem.) remarks: "This policy will be hard on some of the politicians, but it ought to result in better administration of the affairs of the government. And yet, too much ought not to be expected of it. Even the best-laid plans of Presidents 'gang aft agley.'"

It is a thrilling message that comes from the White House, commends the BIRMINGHAM NEWS (Dem.) as it voices the thought that "within his own party Mr. Hoover will make enemies, but they will be enemies who will make the President loved by the country at large." The COLUMBUS OHIO STATE JOURNAL (Rep.), states that "his attitude may be disappointing to certain of the faithful, but it will be highly gratifying to the rank and file of the citizenry." The TOPEKA DAILY CAPITAL (Rep.), advises that "there is a moral in it for political managers everywhere."

"Party leaders, if they are patriotic, can get the greatest satisfaction out of seeing that the party gives the best possible public service," according to the HARRISBURG PATRIOT (Ind. Dem.) and the NEW BEDFORD STANDARD (Rep.), suggesting that "in the same circumstances, many Presidents would have avoided saying anything at all," is convinced that the President's statement "will be universally commended."

"It will give the party a standing and respectability it has not enjoyed heretofore and make it a constructive factor in the political life of the South," says the CHARLESTON DAILY MAIL (Ind. Rep.), and the PASADENA STAR-NEWS (Rep.) takes the broad position: "Properly backed by the public—by men and women of all parties who believe in giving public office to clean, fit persons—Mr. Hoover should be able to go far toward breaking down the political spoils system in the United States."

"It is one of the most important and altogether commendable statements coming from the White House since March 4," is the conclusion of the SOUTH BEND TRIBUNE (Ind. Rep.).

The World AND THE Mud Puddles

NO BACON EXPORTED
The Big Butter and Egg men of Denmark have been getting undue credit for the prosperity of that hard working little agricultural country. Statistics just published show that it is the Big Bacon men of Denmark who really keep the bank accounts bulging.

Bacon is the Danish farm product that demands the highest prices on the English market, partly due to the fact that American competition for the business has shrunk to little or nothing. Uncle Sam now eats all his own bacon, and also buys most of the bacon produced in Canada.

England, Germany and Italy are Denmark's most important export markets. Nearly all Danish bacon is exported to England, while a considerable number of live pigs are sent to Germany and Italy.

Think of that when the butcher asks eighty cents a pound for bacon.

AUTUMN LEAVES
Autumn tinted them gold and red
Ere the north wind came
And now they are fluttering overhead
Like matches in flame.

The richest of trees soon poor will be
As it drops asleep;
The fortune the eye has danced to see
Was not given to keep.

The leaves of silver and burning gold
And the robin's song,
Like treasure man greedily tries to hold
To the earth belong.

How like the leaves of the maple tree
Do our fortunes fall,
Cometh the long, long sleep, and we
Must scatter them all.

Bible Thought For Today

The Shepherd Knows—I am the good shepherd, and know my sheep, and am known of mine. As the Father knoweth them, even so know I the Father; and I lay down my life for the sheep.—John 10:14, 15.

Prayer:
Was there ever kindest shepherd
Half so gentle, half so sweet
As the Saviour who would have us
Come and gather round His feet.
If you are accustomed to find fault with everybody and everything, do not be surprised if others fail to discover much merit in you. Even in this like begets like and what you give out will come back to you with compound interest."

...in an entertainer it's
WIT!

... in a cigarette it's
TASTE!

MANY men have sought words to describe that "extra something" in Chesterfield.

It is there, undoubtedly... a "sparkle" of spicier aroma, an extra touch of flavor, a certain added "character," unmistakably Chesterfield's own.

No one word describes it—but only the most inexperienced smoker could fail to mark it. Between other cigarettes and Chesterfield, there is the clear-cut difference between just something to smoke and the cigarette that puts—

UP FROM THE GRIND ORGAN

MECHANICAL music is a modern convenience, not an artistic triumph. When that truth is appreciated the menacing cloud, now hanging over American music will disappear.

Many a fine talking machine enters a home as an honored guest to be played and played for a week or a month, then to be left in silence except for special moods and occasions. The family's habits of attending places of public amusement to hear Real Music are not changed—or at least are not reduced. Rather, the evidence seems to be that the phonograph in the home serves the laudable purpose of exciting greater interest in the music of theatre and concert hall.

But now comes the promoter of "sound" pictures who imagines that the same Mechanical Music, available at home for nothing, will thrill theatre patrons just because it is "synchronized with a motion picture." Is that a compliment to the theatre-goer?

The motion picture theatre, in the past, has served the cause of good music wonderfully well by embellishing its program with the human touch of the orchestra and organ. Now, with strange perversity, this same institution aims a devastating blow at cultural progress by introducing a substitute, which, however perfect it may become, can never escape the embarrassment of its blood relationship to the grind organ.

More and More COLDS treated externally

A GENERATION ago when Vicks VapoRub was originated, the idea of treating colds without "dosing" was almost unheard of. Today, more and more colds are treated this modern way, and the whole trend of medical practice is away from needless "dosing."

Mothers of young children especially appreciate Vicks, because it checks colds without risk of upsetting delicate little stomachs. Of course it is equally good for adults. Just rubbed on, Vicks acts through the skin like a poultice or plaster; and, at the same time, it gives off medicated vapors which are inhaled direct to the inflamed air-passages.

To keep pace with the ever-increasing demand for this better method of treating colds, the famous Vicks slogan has again been changed, as there are now "Over 26 Million Jars Used Yearly."

Texas Guinan To Address Women

(International News Service)
CHICAGO, Nov. 4.—Texas Guinan, hostess of Broadway fame, today commented on the remarks she is preparing to give to a group of Chicago women tomorrow on "how to keep husbands at home."
"I've seen them come and go," said the prospective guest of honor. "Old

husbands, new husbands—all looking for something tangible—something beginning with H, like home, happiness, heaven if you will; and usually what you found at their address began with H too."
"I am going to say plenty about the women who make 'lifers' out of their husbands and expect them to drive the warden's car besides."
Football is going on as usual, indicating that the players have not yet formed a union and struck for higher salaries.—The Cleveland Plain Dealer.

PETER'S ADVENTURES IN ANIMAL LAND

THE LIGHT WORSHIPPERS
Peter was relieved to find the moths growing more friendly. Soon it was evident they had forgiven him and forgotten the sad fate that had befallen some of their less lucky brothers. Suddenly the old general made a remark that surprised Peter, whose memory was longer.

"I am rather sorry now that those boys didn't catch me. Then they would have had something to be proud of! By the way, I think I see a pool over yonder. I must see if my wings are tilted as they should be, and off flew the vain fellow to admire himself in the water which the moon lighted up like a mirror. The other moths flew after him, delighted at a chance to view their own beauty. Moon-moth was the only one of them all who didn't dash off to the pool mirror.

"Pooh," said he to Peter, "I'd much rather be drinking honey or playing tag with the fireflies than gazing at myself in the water. I am good looking and I know it, and that satisfies me. I don't have to be staring at myself every little while, that's one thing sure. But look! Yonder is a light. See how beautiful it is. Come, brothers, come. Leave that pool and let us go to the light. It is calling us."

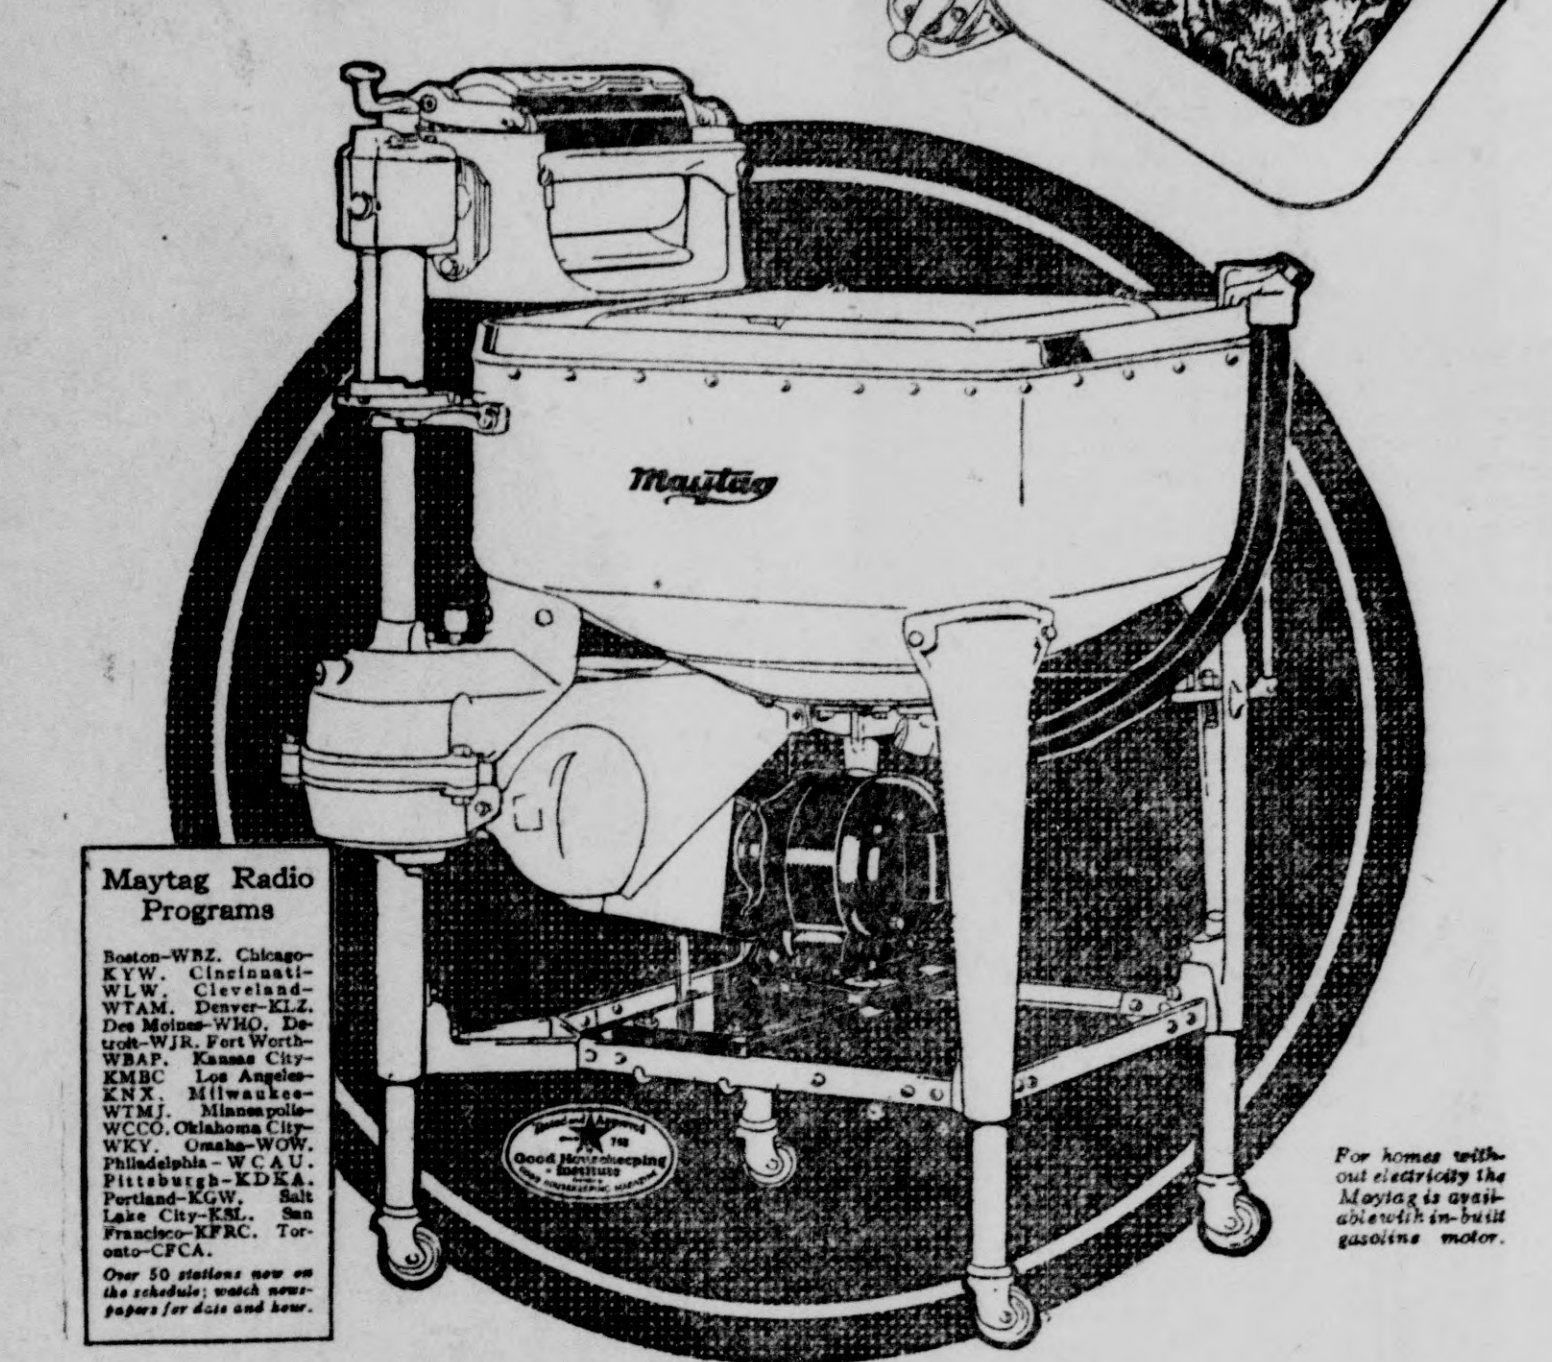

"Where is it, Moon-Moth?" cried the nightflyers, eagerly. "Tell us quickly, so we may go and warm ourselves in its rays."
"Just over beyond that clump of trees," replied Moon-moth. "I saw it first, and so I will lead you to it." Off he started, flying so quickly that Peter had all that he could do to cling fast to his seat.

The others quickened their pace, too, and Peter called out surrounded on all sides by the flyers of the night, who, as they flew, chanted this pretty song:
"Light, light, beautiful light,
Shining to guide us in our flight,
Happy and care free

THOUSANDS OF AUTOS NOT INSPECTED YET

Only 28 Per Cent Of Machines Inspected Out Of 800,000 Are Found Fit To Run

Patrolmen Halting Autos And Warning Them They Must Have "Approved Stamps"

(International News Service) HARRISBURG, Nov. 4.—Only 28 per cent of the 800,000 motor vehicles examined during the present compulsory inspection campaign were in perfect mechanical condition, a decline of 14 per cent from last year, Motor Vehicle Commissioner Benjamin G. Eynon today declared. Of the machines examined during the 1928 campaign 42 per cent were mechanically fit.

prove examining stations until they were inspected and found properly manned and equipped," said Commissioner Eynon. "Tests this year are thorough."

Up to Nov. 1, reports show, 1,100 cars and trucks were refused the "inspected-approved" sticker, because they were in terrible shape mechanically.

Orders are going out directing motor patrolmen in charge of examining stations to refuse to examine applicants who present themselves in cars not approved. Absence of the "approved" sticker will be accepted as prima facie evidence that the car is unfit for service.

Commissioner Eynon is calling attention of fleet owners to their failure to meet the law's requirements.

Cabs of some of the largest companies operating in Pennsylvania have not been inspected.

Motor patrolmen throughout Pennsylvania are halting unsuspecting cars, and warning the drivers that cars not inspected and approved on or before Nov. 15 may not be operated in Pennsylvania for thirty days thereafter.

Stock Prices Go Downward Today

Surprise Opening Of Stock Market As Favorites Drop Heavily In First Hour

THREE-DAY REST WITHOUT EFFECT

(International News Service) NEW YORK, Nov. 4.—Stock prices dropped sharply at the "surprise" opening of the market after its three-day suspension today. The opening was heavy, with blocks of 10,000 to 50,000 shares changing hands on the first sales of the day.

Columbia Gas led the downward move of the utilities and sold off 11 3-4 points at 76. American and Foreign Power lost 11 5-8 at 81. Westinghouse was down 10 1-4 at 150; Radio down 8 points at 42 for 50,000 shares.

Fox Film A opened at 71 1-2, down 9 1-2 points. United States Steel was down 8 1-4 points at 185; American Can down 5 3-4 at 130; Pennsylvania Railroad down 5 3-4 at 89 1-4; General Electric down 4 1-2 at 85 1-2; Union Carbide down 8 at 88; Public Service of New Jersey down 6 at 80.

Rail Stocks Drop North American lost 10 points at 100. Columbia Graphophone was down about 4 points at 25 1-2; Gold Dust down 6 at 43; Commercial Solvents down 4 3-4 at 33 1-4. All railroad shares sold lower. Erie lost 3 1-2 at 110 1-2; New Haven down 4 1-4 at 110 1-2; Pennsylvania down 6 at 89; Baltimore and Ohio down 4 3-4 at 120 1-2.

General Motors sold down 2 points at 46. Chrysler was down a point at 38; Hudson and Hupp fractionally lower; Studebaker down 2 3-8 at 50 3-8. United Gas Improvement lost 2 3-8 at 33. United Corporation was down 1 1-2 at 35; Paramount down 2 1-4 at 53 5-8; American Tel and Tel up 1 1-4 at 248; Air Reduction down 7 at 135 1-8.

No Change in Philly Philadelphia, No. 4.—Philadelphia's stock exchange opened with the volume of sales about as usual today and with little change in prices from the closing sales last week. The local market appeared to have been more or less deserted as traders invaded the New York or "big board" exchange.

Chicago, Nov. 4.—Stocks on the Chicago stock exchange opened irregular here today after a firm close last week. Trading was not unusually active.

Cleveland, Nov. 4.—Stocks opened fractionally higher on the Cleveland exchange today, and the market was somewhat firmer as compared with Thursday's close. Trading at the opening was exceptionally active, which according to exchange officials, was the result of a three-day accumulation of orders.

Pittsburgh, Nov. 4.—Stocks on the Pittsburgh exchange opened firm with a slight upward trend among the leaders. Lone Star Gas opened at 41, up 3-4, and advanced to 42 a few minutes later. Arkansas Gas was 1-4 off at 15; Blaw Knox unchanged at 42; United Engineering up 1-4 at 44, and Western Public Service unchanged at 29.

Noted Salvation Workers Coming

A number of noted Salvation Army workers will be here Thursday evening for the purpose of stimulating interest here in some of the various activities of the Army.

These persons will include Mrs. Colonel M. Bovil of New York, territorial secretary of the Home League of the Salvation Army, which corresponds to the Ladies Aid Society of church organizations, who is touring Western Pennsylvania at this time in the interest of this work.

She will be accompanied by Mrs. Major H. Smith of Pittsburgh, secretary of the Western Pennsylvania District of the Home League and Captain Ronald Irwin, scout organizer for this district.

NEW YORK LOBSTER SEASON VERY POOR

(International News Service) ALBANY, Nov. 4.—This was the worst season for lobsters in New York state's history.

"The waters of New York bay and other nearby waters where lobsters are usually abundant seemed to be deserted this year," the conservation commission announced.

"This probably was due to the unusually warm season and the lobsters migrated to deeper waters where they could find a more suitable temperature."

The Origin Of Meteors

By S. S. MYERS

A lady who is interested in astronomy writes as follows: "Your short sketches on astronomy have caused me to become very much interested in the subject. You make it so plain that any one can understand it. I have a question I would like to have you answer if it is not asking too much: How do meteors originate—from whence do they come?"

(M. J. L., New Castle) There are at least three theories advanced as to the origin of meteors: First—Between the orbits of Mars and Jupiter there is a vast space, much greater than between any other two planets. In this space no less than 400 small bodies called Asteroids revolve around the sun, some of them scarcely ten miles in diameter. According to the mathematical laws of astronomy there should be one large planet in that orbit—not so large as Jupiter, but larger and less dense than Mars.

Now, the supposition is that there was a large planet in that orbit at one time which astronomers have called Aster, and which, for some cause exploded and the fragments formed themselves into these numerous small planets. Other and smaller fragments became segregated and wandered off into space, being attracted hither and thither among the other bodies of the solar system, thus becoming meteors. This theory has not a great deal to substantiate it.

Another theory is based upon the Tidal Evolutionary hypothesis, viz.: that when our sun was traveling through space, millions of years ago, all alone without any planets, it came within the attraction of another sun much larger than itself, and that the attraction of that other sun produced on our sun a tremendous tidal wave and drew it so far away that it failed to fall back again and broke up into sections which condensed into globes forming our solar system, and that a great deal of the matter between the sections was left behind as waste matter, so to speak, and that this waste matter formed those mysterious wanderers we call Comets, and that meteors are disintegrated comets.

This theory is substantiated by the fact that the meteor streams through which the earth passes in August and November follow the same orbits occupied by comets that no longer appear.

The latest theory is that advanced

by the distinguished astronomer Dr. Harlow Shapely who has discovered that within our universe are several non luminous nebulae formed of meteoric matter. He suggests that any body passing through or near by one of these nebulae would doubtless meet with tremendous bombardment, and that there may have been a time when our solar system passed near one on those nebulae and drew after it a stream of matter which

forms the comets and meteors of our system. This theory has much in its favor which space will not permit me to set forth in this article but which was explained in some detail in an article published in this paper at the time Dr. Shapely announced his discovery of the meteoric nebula. It is possible that this and the preceding theory both contain much that is true.

University Unifies Music Activities

(International News Service) BOSTON, Mass., Nov. 4.—With a

view of unifying all the musical activities of the ten colleges in Boston, University President Daniel Marsh has directed that a varsity musical organization be established.

Dean John P. Marshall of the College of Music has been appointed head of the varsity musical plan and other officers are to be announced. All college choirs, orchestras and glee clubs essentially individual groups will continue their functions as the favor of their separate school decides according to President Marsh.

(International News Service)
HARRISBURG, Nov. 4.—Eighteen persons succumb daily in Pennsylvania to the ravages of tuberculosis.

Citing these figures, based on the statistics for 1928, Dr. M. G. Brumbaugh, former governor, who is president of Juniata College, today urged Pennsylvanians to continue without abatement the vigorous fight against tuberculosis in the state.

In a letter to the Pennsylvania Tuberculosis Society, in which he accepts the chairmanship for the Christmas seal sale, Dr. Brumbaugh says:

"Tuberculosis is still too prevalent to relax one's concern for its eradication. With 18 citizens succumbing daily to this disease, and with most of them taken in the prime of life, the white plague causes a constant and serious loss of life and health.

"The health of our citizenry is so vital to the commonwealth that it seems to me a privilege as well as a duty to do what I can to place in the hands of your splendid and efficient tuberculosis society all the funds necessary to combat effectively the scourge.

"Tuberculosis takes its highest mortality rate between the ages of 15 and 35 in Pennsylvania, and is the chief cause of death during that period. In this connection Dr. Brumbaugh said:

"In this state last year tuberculosis took 6,732 lives. Two-thirds of the victims were under 45 years of age, the period when a person is of the greatest value to the home and the community.

"For these reasons I shall heartily devote to this effort my best energies and I earnestly hope that the work of the Pennsylvania Tuberculosis Society and its affiliated organizations be enlarged and that the health and happiness of our millions may be largely promoted.

"The united effort to drive out tuberculosis must go on unabated."

Local Men Attend Pittsburgh Banquet

M. J. Donnelly and P. J. Flaherty of the Johnson Bronze Company, were honored in being the only out of town guests at the recent luncheon event held in Pittsburgh at the Duquesne Club by William M. Many Pay Traffic Fines Over Week End

Police Unusually Busy Tagging Cars On Saturday Afternoon And Night

As a result of the renewed activity of the downtown police officers in the matter of turning in motorists whom they found violating the traffic regulations of the city, there was an unusual number of such fines collected Saturday and Sunday.

The number paying fines as a result of this special activity was thirty-four and the fines amounted to from \$1 to \$3 according to the nature of the violation. This did not represent all the violators given instruction to report to the city police station and pay fines.

Work Is Started On New Highway

Frisco To Zelenople Route To Be Improved; New Road To Pittsburgh
HARRISBURG, Nov. 4.—Work was started today on the building of 5.33 miles of concrete highway on Traffic Route 288 (Leg. Route 347) between Frisco, Beaver county, and Zelenople, the second preference of the county commissioners of Beaver county and approved by Secretary James Lyall Stuart, under the recent Wheeler-Flynn Act. Samuel Eckels, chief engineer of the Pennsylvania Department of Highways today announced.

This improvement will give Lillyville, Beaver County, its first hard surfaced road and will provide a direct short cut between Ellwood City and Zelenople. Through-traffic from New Castle and points north and west will have a direct road to Pittsburgh connecting with U. S. Route 19 at Zelenople avoiding the circuitous route through the traffic of many towns on the east bank of the Ohio and Beaver rivers. It will carry most of the through-traffic north-west from Pittsburgh.

The surface will be concrete 18 feet wide, laid on a road-bed of improved alignment, reducing curves and grades. H. E. Kloss, acting division engineer with headquarters at Pittsburgh will supervise construction for the department.

The contract was awarded to the Holmes Construction Company of Wooster, Ohio, as low bidder, for \$312,534.15 on October 11, 1929.

Speculation Makes Uncle Sam Richer By Two Billions

Annual Analysis Of Income Tax Statistics Show Over Two Billion In Taxes

"LITTLE FELLOWS" DO SPECULATING

By ROBERT S. THORNBURGH
International News Service Staff Correspondent
WASHINGTON, Nov. 4.—Speculation may be "bad business" for the ordinary mortal, and the despair of economists, but it accounted for nearly \$2,000,000,000 of American income in 1927.

Speculation in real estate, stocks and bonds netted that group of the American public which pays income tax returns, \$1,813,395,000 in 1927, the Bureau of Internal Revenue announced today in its annual analysis of income tax statistics.

It presented 6.92 per cent of the gross income of individuals of \$26,208,000,000.

Wages and salaries made up \$10,218,449,000 of the total; business \$3,287,000,000; partnerships \$1,755,000,000; and \$1,061,000,000 capital net gain from the same of assets held more than two years.

The speculative gains reported income tax returns filed in 1929, based on the profits of 1928, the big year in the stock market, undoubtedly will show a tremendous jump over 1927, since only in the last few months of that year did speculative activities gain heavy momentum.

Lots of Speculating

The "little fellows" were doing plenty of speculating in 1927. Statistics showed that the profits of persons having incomes of \$5,000 or less from stock and real estate speculation amounted to \$301,536,000 in that year. The group from \$5,000 to \$10,000 annual income made \$361,780,000 in speculative activities; the \$10,000-\$25,000 group \$463,815,000; the \$25,000-\$50,000 group \$328,984,000 and the \$50,000-\$100,000 group \$177,250,000.

Persons reporting incomes more than \$100,000 made comparatively small sums in speculation during 1927. The 390 Americans who admitted incomes of over \$1,000,000 made but \$42,166,000 in speculation. According to the statistics.

Harvest Is Reaped
The "big fellows" reaped their gains from capital net gain from the sale of assets held more than two years and from dividends. The \$1,000,000 income class made \$297,453,000 in capital net gain and \$244,645,000 from dividends.

Wages and salaries made up \$5,694,000,000 of the total income of \$9,948,000,000 of the class under \$5,000. On the other hand the over \$1,000,000 class received salaries of but \$17,191,000.

The report showed that individuals and corporations reported gross income of \$141,532,900,000 for 1927, of which \$26,208,000,000 was for individuals. The net income was \$22,545,000,000 for individuals and \$8,981,000,000 for corporations.

"Air-Way" Net Earnings Grow

Net earnings of Air-Way Electric Appliance Corporation for the nine months ended September 30th exceeded those for the same period of 1928 by 31%, totaling \$1,255,210 after depreciation and Federal taxes. After payment of Preferred dividends, this represents an earning of \$2.87 per share for the nine months on the 400,000 shares of Common stock outstanding.

For the past two years, last quarter earnings represented in excess of 33% of the total for the year and as the month which ends today gives evidence of being the largest from the standpoint of net profits in the history of the Company, it is expected that the Common stock earnings for the current year will be on the basis of from \$4.25 to \$4.50 per share.

The Company's financial position is particularly favorable, the October 1st balance sheet showing a relation of Current Assets to Current Liabilities in the ratio of approximately 10 to 1. D. C. Mackey is manager of the local Air-Way Branch, located at 416 Wallace Block.

The Parent Problem

by GARRY C. MYERS, Ph.D.

Being Still Impossible For A Child

By GARRY C. MYERS, PH. D.

"Sit still," sternly said the father of a child of 20 months. The cowering child sat down in his little chair and for about ten seconds scarcely moved. Then he squirmed, started to get up, sat down again, but all at once dashed for a pencil on the floor. The father turned his eyes toward the toddler but said nothing.

Several minutes passed. In that time the lad had found an old piece of paper in the waste basket, scribbled on it, punched holes through it, peeked through it, left it on his chair, dropped the pencil, rocked a few moments, picked up his chair, carried it to get a little cardboard box, when suddenly the father shouted at him, "Didn't I tell you to sit still?" Another little pause, and the child was in full action once again.

The little lad was trying hard to be still. But he couldn't, so he wasn't still for half a minute.

I should judge that father considerably above the average man in general mentality. I have seen dads with university degrees act just as stupidly as he did. Misunderstanding little children seems not to be related closely to any degree of formal education.

That father did not mean to be cruel to the child. He was trying to make it quiet for the guest, perhaps, and to demonstrate to him that the father had high standards of behavior for his child and that he was giving training in obedience. Back of it all was his unconscious urge, of course, to demonstrate authority. In its expression he was getting a good deal of subtle satisfaction.

It seemed never to have occurred to him that you can't wholly stop a child's activity. All anyone can do is redirect it. To stop a little child doing one thing means that he will turn at once to something else. He is a ceaseless actor. By activity the child grows and learns, gets his basic education and acquires his personality.

Please remember this, my fellow parent. If you do you won't say "no" to a child without being sure he will

turn to something which he will enjoy without your need of interference. If you are not sure, have the toy or activity in mind and available, and have ready the gesture or remark which will turn him to the desirable activity, before you utter "No" or "Don't."

If we spent more time and thought on providing things for the little child to do we rarely would have occasion to say "No" and "Don't." If we had more sense we would not expect a little child to be still even half a minute. We would know it is practically impossible to make him obey such a command, impossible for him to be still even when he tries. Let us pray for more sense.

Tomorrow: Be Quiet.

COLDS MAY DEVELOP INTO PNEUMONIA

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membrane and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs. Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

Case Of Wine And Liquor
Confiscated By Officers
In Raid; Leaders
Not Located

(International News Service)
ANN ARBOR, Mich., Nov. 4.—Start-
ling University of Michigan officials
today investigated a police exposure
of a highly efficient campus boot-
legging business said to have been op-
erated by two students.
Directed by the prosecuting at-
torney's office police raided head-
quarters of the extensive rum dis-
tributing business Saturday night in
Fletcher hall, a dormitory housing 200
men students.
Officers confiscated a case of wine
and whisky, but the leaders could not
be found. The names of the student
directors of the rum syndicate were
not revealed by Prosecuting Attorney
Carl Stuehrberg.
Surprised at the police and sub-
sequent discovery, University offi-
cials arranged a conference with Pol-
ice Chief Thomas O'Brien for today
to discuss the problem. It was stated
that as soon as the two directors of
the bootlegging business are located,

state liquor law violation charges
will be preferred against them.
"The finest Canadian stuff" was
hustled out of the "office" of the
organization on the third floor of
the dormitory in answer to telephone
orders according to investigators. It
is believed that the five fraternities
placed on probation last week for al-
leged drinking parties procured their
supply at Fletcher hall.

Pennsylvania Residents Pay 9.47 Per Cent Of Total U. S. Income Tax

By ARTHUR C. WIMER.
Special News Washington Correspondent.

WASHINGTON, D. C., Nov. 4.—
Pennsylvania residents paid 9.47 per
cent of the total income tax collected
last year by the federal government
on incomes earned in 1927 according
to a report made public by the treas-
ury department today.

From the viewpoint of the total net
incomes represented by returns, Pen-
sylvania however ranked only
third, New York again coming first
with total net incomes of \$5,398,451,
and Illinois second with net re-
turns totalling \$2,093,908,574, as com-
pared with Pennsylvania's net re-
turns of \$2,081,825,217.

The average net income per individ-
ual return in Pennsylvania amount-
ed to only \$5,484.88 as compared with
an average net income of \$5,496.73 per
return in the country as a whole.

The average income tax per Penn-
sylvania return was \$206.29 while the
average tax per return of the nation
amounted to \$202.52 according to the
treasury department report.

In point of number of returns made
Pennsylvania ranked second of the
states, New York coming first with
11,423,000. The Pennsylvania returns
amounted in number to 9.30 per cent
of all such returns made in the
country.

Thirty Four Report Income Over Million In Keystone State

By ARTHUR C. WIMER
(Special Washington News Cor-
respondent)

WASHINGTON, D. C., Nov. 4.—
Thirty-four individuals in Penn-
sylvania reported net incomes of over a
million dollars for the year of 1927
according to income tax returns filed
last year and made public by the
treasury department today.

Of the 34 million-dollar incomes,
one was over \$5,000,000; two were be-
tween four and five million; two were
between three and four million, six be-
tween two and three million, three be-
tween one and one-half and two mil-
lion, and 20 between one and one-half
million. The report does not reveal
the exact amount of any income but
only the general distribution of in-
come classes.

Of the other individual income re-
turns in Pennsylvania over \$100,000,
18 were classified between \$750,000
and \$1,000,000; 38 between \$500,000
and \$750,000; 37 between \$400,000 and
\$500,000; 67 from \$300,000 to \$400,000;
45 from \$250,000 to \$300,000; 98 from
\$200,000 to \$250,000; 197 from \$150,000
to \$200,000; and 565 from \$100,000 to
\$150,000.

The greatest number of Penn-
sylvania taxable incomes reported last
year fell between \$2,000 and \$3,000,
there being 48,975 individuals whose
incomes were in that class. The sec-
ond largest group, comprising 47,455
individuals, reported incomes between
\$1,000 and \$2,000, according to the
treasury department statement.

Aching Feet

The newest scientific methods of obtaining
immediate and lasting relief will be explained

By Dr. Scholl's Foot Expert

TOMORROW

If you have a painful, stubborn
foot ailment of any kind—corns,
callouses, bunions, crooked or over-
lapping toes, weak or broken down
arches, weak or swollen ankles,
tender heels, excessive perspira-
tion, hot or odorous feet—you can
now get quick and lasting relief.

Through Dr. Scholl's newest scientific
and advanced methods of correction, any
foot trouble is now immediately relieved
and the cause removed. To demonstrate
this fact a Foot Comfort Expert of Dr. Wm.
M. Scholl's personal staff will be in at-
tendance at our store on the above date.

Without removing your stocking, this Expert will make a sci-
entific analysis of your feet on Dr. Scholl's Podo-Graph and show
you what your trouble is and what caused it. He will then dem-
onstrate how simple and easy it is for you to have real relief.
No charge is made for this valuable service.

Race For Bickett's Place Promises To Be Lively

Since the announcement that Assemblyman M. A. Bickett had been promoted to the position of general agent for the P. & L. E. at Monessen, Pa., a number of prospective candidates for his seat in the General Assembly have been projected. With the possibility that Ellwood City may not oppose having some member come from the north end of the county this time, several outstanding citizens have been mentioned as candidates. Among these

is J. Audley Boak, overseer of the Pennsylvania State Grange, and a well-known farmer of Princeton. Mr. Boak has a county-wide acquaintance and has been spoken of before in connection with public office.

Another candidate who has been mentioned is Dr. Frederick Taylor of Pulaski, whose friends have insisted will be a candidate. Still another is John Cox of Wilmington township, who made the race in 1928 and finished with a splendid vote.

Announcement is made of the marriage of Miss Annabelle Chesney, daughter of Mr. and Mrs. S. S. Chesney of Portersville to Oliver Stickle, son of Mrs. Celeste Stickle, Princeton which was an event of Wednesday Oct. 30, at 6 p. m. at the parsonage, with Rev. George Cheeseman of Portersville officiating. The bride wore a gown of Byrd Blue with matching accessories. They were attended by Miss Mae Kennedy of Portersville and Clair Plugh of Prospect. A wedding dinner was served at 7 o'clock in the bride's home with places laid for ten guests.

Mrs. Chas. Shriver and Paul Stickle of New Castle spent Friday with their mother, Mrs. Celeste Stickle. Miss Alice Gettings, of McCaslin, spent the week end with her aunt Mrs. Lafa Shaffer.

NINE JOIN ARMY HERE IN MONTH

Corporal J. W. Thompson Reports Number Enter U. S. Army Service

The month of October was unusually successful as far as the army recruiting station in charge of Corporal J. W. Thompson was concerned.

A record number of recruits were enlisted and successfully passed not only the examination here but also at Pittsburgh and have now gone on to their respective training posts in several parts of the country. New Castle is now up among the leaders in the district in the number of recruits secured.

There are at present many vacancies in the army service, which are really opportunities for the young man of today to advance himself as far as he desires to go.

The young men enlisting in October and their present respective locations follow: Fred M. Russell, New Brighton, Pa., Medical Corps, Washington, D. C.; John D. Romano, Lopez, Pa., Medical Corps, Washington, D. C.; John Randan, Bessemer, Pa., Air Corps, Langley Field, Va.; Peter Chalton, New Castle, Twelfth Infantry, Fort Washington, Md.; Albert L. McCormick, New Castle, 51st Coast Artillery, Fort Eustis, Va.; Ben W. Chickym, Steubenville, 51st Coast Artillery, Fort Eustis, Va.; Michael Losch, Ellwood City, 52nd Coast Artillery, Fort Eustis, Va.; Frederick M. Dietrich, Ellwood City, 52nd Coast Artillery, Fort Eustis, Va.; Edward N. Young, Jr., New Castle, Pa., Coast Artillery Corps, Hawaiian Islands.

TELL FOLKS how easy it is to LOSE FAT

Everybody knows how excess fat has disappeared in late years. Men and women in every circle prove that figures need not stay abnormal. Youth and beauty, health and vitality can come back.

All must realize that, in late years, some new factor is employed. Fewer people now rely on abnormal exercise or diet. Modern science has proved that most fat people suffer from an under-active gland. Physicians now, in treating obesity, seek to correct that deficiency.

The chief factors are embodied in Marmola prescription tablets, prepared by a famous laboratory. People have used them for 22 years—millions of boxes of them. Now in every circle there are slender people who can tell you what they do.

The method is scientific and well known. Every box of Marmola contains the formula, also the reasons for the good results. No starvation, though moderation helps. The purpose is to help out an under-active gland, which should turn food into fuel and energy.

Go test this well-tried method. In a little while results will tell you what Marmola means to you. If you see the excess fat go and new vitality return, go on until the change is completed. Then, in fairness to your friends, tell them, as users have done for so long. Start today.

Marmola prescription tablets are sold by all druggists at \$1 a box. Any druggist who is out will gladly order for you.

Snake Waiting For Subway Ride, Killed

(International News Service)
NEW YORK, Nov. 4.—Believe it or not this snake was waiting on a subway.

Proudly wagging his eight rattles and paying scant heed to the commotion he was arousing, a six-foot rattlesnake waited patiently yesterday on the busy Canal street platform for a north bound Interborough subway.

Three sharp raps in the head from Patrolman Charles A. Kennedy's nightstick were required to dispatch the unusual traveler.

Rheumatism Pains Stop in 7 minutes

I have been suffering with rheumatism in my knees and arms for some time, and after a few applications of your MUSCLETONE the pain is disappearing rapidly. I feel much better.

MRS. CLARA MEHNE
103 Waldorf St.,
Pittsburgh, Pa.

Anyone who honestly wants to end the pains of rheumatism, lumbago, sciatica or neuralgia can do so. Science has found a new way to end muscular agony and distress so amazingly speedy—and safe—it seems almost miraculous. Pain actually stops in 7 to 10 minutes. Quickly, accumulated toxins absorb and complete relief is found even in severe conditions.

MUSCLETONE acts by injection. Nothing is taken internally. No drugs—no dosing. Just a simple liquid applied directly to the troubled muscle or joint. Yet it acts invariably and amazingly. And—this is important—it never burns or irritates. All druggists have MUSCLETONE for \$1.00.

Sunday Services Largely Attended

Gospel Messengers Render Special Music Throughout The Day

Large attendance marked all services at the revival meetings yesterday at the Hoover Heights tabernacle, Morris street. The church was filled in the afternoon and all available space was taken at the evening service, a number standing.

The Gospel Messengers furnished special music throughout the day, delighting all with their varied musical numbers. At the afternoon service Mr. Case gave a beautiful and effective rendering of the song "Throw a Line" emphasizing the words with motions. Mr. Case preached at the morning service on "The Cross."

In the afternoon Mrs. Slack continued her testimony from Friday evening. She told more of the details of the first gospel service she ever attended, about five years ago, where the Bible was taught so that she could understand how she was attracted to the singing and finally with her boy, then 10, the peace of God's salvation filled her heart. She also spoke of conditions in her life before her conversion and how Christianity made a complete change in her life.

At the evening service Peter Slack told briefly of some of his experiences. The pastor Rev. M. J. Scripture then briefly preached on "Jesus the Saviour" basing his remarks on Matt. 1:21, "Thou shalt call his name Jesus Christ and not things or acts that remove sins. Man is helpless to save either himself or others but all who come to Jesus, place their sins on him by confession will find that He will remove them from them as far as the east is from the west."

A number came forward at the preacher's invitation and others requested the prayers of the congregation by the raised hand.

Service this evening at 7:30.

Hunter Is Victim Of Cocked Shotgun

Weapon Is Discharged While Rabbit Is Being Poked Out Of Stump

GREENVILLE, Pa., Nov. 4.—J. H. Beckstein 47 of R. D. 3 is dead here, the victim of Mercer county's first hunting accident.

He was fatally injured when his shotgun was accidentally discharged while he was trying to get a rabbit out of a stump in which it had sought refuge. The charge struck him in the left lower jaw causing instant death.

Beckstein and Roy Zuschlag had hunted all Saturday. Returning home in the evening they chased a rabbit into a stump on the farm of Andrew Barnhardt. While moving some fence rails on the stump Beckstein's shotgun which he had been carrying cocked was discharged.

Beckstein had resided in this vicinity all his life. He was an employee of the Greenville Steel Car company. He leaves his wife.

Former Local Man In Europe

Friends and relatives of J. N. Hunt of Chicago formerly of this city will be interested to know that Mr. Hunt has arrived in London England where he will visit his son Frazier Hunt, associate editor in Europe of the Hearst International Cosmopolitan Magazine.

Mr. Hunt who is well known in New Castle will travel by airplane to Paris from London. He is 78 years of age and this is his first trip across the ocean. The trip in the airplane will be his first also.

Lamont Assures Nation Nothing To Worry About

Secretary Lamont Says Recent Stock Crash Has Not Undermined Business

BUYING POWER IS SOMEWHAT CRIPPLED

(International News Service) WASHINGTON, Nov. 4.—Summing up the general business and industrial situation in connection with the stock market crash, Secretary of Commerce Lamont said today that "the country has nothing to worry about."

He called attention to the fact that over a long period of business depression have been preceded by factors which are practically the reverse of underlying conditions as they exist today. He believes market losses will to some degree curtail buying power, but that this will not prove serious.

Lamont emphasized particularly the census bureau statistics which showed that in September there was no increase in inventories as compared with the same month a year ago, and unfilled orders were greater, while no increase was noted in commodity prices. An almost unfailing indicator of a coming depression has been sharp increases in commodity prices, accumulation of commodity stocks and an absence of unfilled orders.

Police Raid Alleged Gambling Game Sunday

As Detective John Young and Officer Letera were driving in the Mahoning avenue district Sunday evening they became aware of the fact that there was something doing at the place of Ben Jackson colored, rear 204 Mahoning avenue and entering the place and going upstairs found a little game of poker in progress.

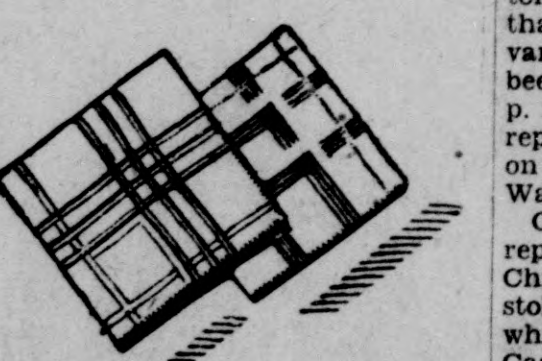

There were ten men participating but one of the number managed to escape. Jackson the proprietor and eight visitors were arrested. The police secured cards and \$2. Jackson put up a forfeit of \$25 for his appearance today and the visitors forfeits of \$10 each but they failed to appear and their money was declared the property of the city. The officers found a loaded 38 calibre revolver under a pillow of the bed in the room and no person would admit ownership. It was confiscated.

Claim Street Grade Not As Represented

Three petitions to open judgment were presented in court this morning in the cases of the City of New Castle against John G. McGuire, H. J. Thompson and Catherine Young. The cases grew out of the grading of Clarence street, in the fourth ward. The defendants claimed that they signed a petition for grading and also releases, with the understanding that the grading would only cut from 2 1/2 to 3 feet in front of their properties. The grade was changed, it is alleged, and the cut was made from 4 to 5 feet. They are not satisfied with the awards made by viewers. McGuire and Thompson want \$400 each and Catherine Young \$800. Rule was granted.

Most Active Stocks Lost Ground Today

Land-Slide Of Buying Of Speculative Stocks Did Not Develop

(By W. S. COUSINS, International News Service)

NEW YORK, Nov. 4.—The land-slide of public buying of speculative stocks, which was expected to develop today, did not compare with the heavy load of selling orders which crowded the market after the three-day shutdown and most of the active stocks lost ground as compared with Thursday's final prices.

Starting the new week at from 5 to 14 points below the previous closing level, industrial stocks and specialties made a desperate attempt to rally in the early afternoon. The "good news" about reduction of brokers' loans and the 5 per cent rediscount rate for the New York Reserve bank had been sufficiently discounted on Thursday to nullify any special effect they might have had on the market today, and even the stock exchange's report of a \$2,440,000,000 shrinkage in brokers' loans in October failed to stir up very much enthusiasm over the market.

Going into the fourth hour, most of the industrial favorites had lost practically all of their forenoon rallies, and were selling at the low prices of the day, down all the way from 5 to 10 points from Thursday's close.

United States Steel at 186 showed a loss of 7 1/2 points. General Electric was down 15 points at 237, American can down 9 1/2 at 126, Westinghouse down 15 at 22 1/2, Johns Manville down 9 at 133, Studebaker down 2 1/2, Baltimore & Ohio down 3, Sears Roebuck down 6 1/2 at 110, American Tel. and Tel. down 10 1/2 at 236, Kennecott Copper down 7 1/2, Bethlehem Steel down 2 1/2.

Several Autos Are Stolen From Streets

Some Are Found Later, While Others Are Still Being Sought

S. W. Fray, 653 Superior street, reported Saturday night to the police that his Studebaker Brogham had been stolen from North Cochran way. The owner reported Sunday morning at two o'clock that he had found it on North street.

Donald Black, Boyers, Pa., reported Saturday evening that his Chevrolet Coupe, Pennsylvania License B72-672, 1927 model had been stolen between 6 and 7 p. m. from North Jefferson street. There were two new ladies coats in the machine.

John McWilliams of 606 East Luton street, reported Saturday night that his Chevrolet coupe, Pennsylvania license 993-559, 1926 model, had been stolen between eight and nine p. m. from North Diamond Alley. He reported later that it had been found on Franklin avenue, just off East Washington street.

Garmen Cook, 1334 Croton avenue, reported Sunday evening that his Chrysler Coach, 1926 model, had been stolen between six and eight p. m. while parked in front of the New Castle Hospital, on South Mercer street.

Review Case Of Federal Agents Seizing Barrels

(International News Service) WASHINGTON, Nov. 4.—The Supreme court today decided to review the question of whether the government can confiscate empty barrels and bottles on the claim that an odor of whiskey has been detected.

Ike Danovitz, owner of the Fetter Bottle company of Pittsburgh appealed for review. He maintained that under the lower court ruling prohibition forces could seize barrels, bottles, cans and other articles even though they might be sold for legitimate commerce.

The court declined to disturb a lower court ruling that the government could not forfeit an electric lighting plant used in bootlegging operations. The plant was sold by the Kohler company to the Elk Breeding and Grazing association in Massachusetts and was taken by dry agents during a raid. The Kohler company sought to regain the plant on which a balance was due.

WILLIAMSON WRITES
Long Beach, California,
October 30, 1929.

Editor News:

Dear Sir: Find enclosed check for six months subscription to your valued paper. We have received it regularly and enjoy it very much. Through its columns we keep posted on what is going on in our home town.

We were certainly shocked when we read of the death of our good friend, Harry Lusk, and more recently the passing away of Hiram G. Miller, being born and raised and associated with both of these men. I knew them to be generous to a fault and can truly pay tribute to their high qualities.

I accept this time to inform our friends and old neighbors that our good wife has almost fully recovered and is feeling better than she has felt for years. And "Your Uncle"—well, I am still able to wiggle a heel. I hope this will satisfy my friend who by letter requested me to pep up.

The Pennsylvania society will hold their annual picnic and outing Saturday, November 2 and I expect to meet many old friends there. They come from far and near on this occasion. It is one day that the people from good old Pennsylvania all get together to renew old acquaintances and to make new ones, so I think I will lay aside all other cares and attend. I may send you a write up of the doings when it is over. Here is best wishes for all—and the Bond Issue.

As ever,

Has Perfect Hand; Fails To Get Bid

(International News Service) EAST CHICAGO, Ind., Nov. 4.—To hold a perfect hand of clubs at bridge and not be able to get the bid was the unusual incident which happened to Mrs. Cecil C. Mathews. When she discovered her perfect hand she bid seven clubs, but her opponent bid seven diamonds which was doubled. When the dummy was exposed the ace of hearts and ace of spades were revealed. Mrs. Mathews' opponent had eleven diamonds in his hand winning a grand slam for him.

Erie Bootlegger Given Sentence

(International News Service) PITTSBURGH, Nov. 4.—George Schweiger of Erie, was sentenced to 45 days in the Erie county jail when he pleaded guilty here today before Judge F. P. Schoonmaker in federal court to a charge of liquor violation. Large quantities of home brew, wine and moonshine were reported as seized in his store September 21.

With the excitement of the world series abated, Chicago doubtless has reflected sadly that wickedness doesn't pay.

Pittsburgh Auto Is Badly Wrecked

Several Occupants Are Injured In Accident Near New Bedford

When George Staffan, aged 26, of 1432 Nixon street, Pittsburgh, apparently lost control of his machine on the New Bedford-New Castle highway, about a mile and a half this side of New Bedford about 8:30 o'clock Sunday morning the machine crossed the highway, going out of control for a distance of about 150 feet, cutting off a telephone pole after which it turned over in the ditch at the side of the road.

Constable Robert McGlenahan happened on the scene shortly after the accident occurred and took the occupants to a physician, where they received first aid treatment, then arranged to be taken on into Pittsburgh.

Mrs. Mary Staffan sustained a broken nose and severe cuts and bruises about the face and body, while George Staffan, the driver, Joe Staffan and Miss Mary Kalman escaped with minor injuries.

Delegates Chosen To Hadassah Meeting

Mrs. Marc Levine has been chosen by the local Hadassah as delegate and Mrs. Louis Kohn as regional delegate to the annual convention of the Hadassah, the Women's Zionist Organization of America, which will be held in Atlantic City from November 14 to 17. More than 300 delegates are expected from all parts of the country.

The convention will be of vital importance to the future of Hadassah in America and in Palestine for the activities of Hadassah in Palestine during the riots, in medical and relief work and in many fields outside its usual functions have put a heavy drain upon its resources, increasing the responsibility of Hadassah in America.

On the first evening of the convention Miss Henrietta Szold will make an address on "Progress in Palestine". Mrs. Rebecca Kohut will be a speaker and Mrs. Rose Halprin, a member of the Hadassah national board, who recently returned from Palestine, will give a talk on conditions there.

Reports will be given by national chairmen on all phases of Hadassah health work in Palestine, including medical and preventive care, infant welfare and school luncheon work. The delegates will also consider Hadassah's status within the framework of the Jewish agency.

Want to Look Young?

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver. Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound as a substitute for calomel to act on the liver and bowels, which he gave to his patients for years. Dr. Edwards Olive Tablets are gentle in their action yet always effective. They help bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities. Dr. Edwards Olive Tablets are known by their olive color. 15c, 30c, 60c.

Councilmen Consider Golf Course Problems

Council today met in the City Building and decided that no more memberships for play at the municipal golf course will be sold after December 1. It had been stated that the sale of memberships would cease November 1, but as some players have paid part of the fee it was decided to give them a month's grace to pay up before the memberships would be cancelled.

The councilmen gave most of their time to the consideration of the links during their session as the ordinance calling for the management and control of the course came up in committee.

One of the sections changed now makes it impossible for the superintendent of parks and grounds to hire and fire without council's approval.

The salary question as it affects the greens keeper, caddy master, caddies and cashiers is left open for councilman resolution next spring.

Councilman Burns brought out the allegation that some caddies have not received their turn.

It was stated emphatically that boys will be used in the turn in which they register and that council will not permit of any favoritism.

The greenskeeper has been receiving about \$5.80, a day but in addition to keeping the greens in condition he has been doing other work.

His position was called the most important but next year his duties will be that of a greenskeeper and not a general chore man.

Two cashiers will be employed, as at present. They work alternately during the day as the hours would be too long for any one person.

The field man's salary has not been formally set as it will come under the provisions of the proposed resolution next spring.

It was believed that 40 or 50 cents an hour would be his salary. He checks the golfers when they reach the ninth hole.

Council believes that in the absence of the manager of the course the field checker would become acting manager.

One of the stipulations, relative to caddies is that they accept no tips.

The question of their pay came up and it was decided that this would be settled along with the other salary questions.

Approximately 245 memberships have been paid up at \$10. a season. Those who have failed have until December 1 when the sale will cease.

The rate of play will be 50 cents for 18 holes or \$1.00 a day. The course will be stretched from 13 at present to 18 next spring.

The ordinance covering the golf question was reported from committee and ordered printed pending final passage.

Gangsters Claim Another Victim

Hundreds Are Rendered Homeless As Molten Lava Pours Down Into Villages

Damage Estimated At Over \$2,000,000; Santa Maria Volcano Is Gushing

(International News Service) GUATEMALA CITY, Guatemala, Nov. 4.—Forty-five persons were known to be dead, hundreds were rendered homeless, and property damage estimated at \$2,000,000 was left today in the wake of the violent eruption of Santa Maria volcano.

Streams of molten lava, resembling fiery rivers in their extent, spread over numerous rich coffee plantations at the foot of the mountain, especially in the vicinity of the village of Elpalmar, wiping them out.

The first eruptions occurred Saturday night. Residents for miles around the base of the mountain fled their homes in panic.

W. J. Fox, Of Pennsylvania Power Company Finds Interference At Cement Plant

Local radio owners experienced one of the worst bits of radio interference in their reception in many months Friday and Saturday nights.

Late Saturday afternoon the trouble was found at the Lehigh Portland Cement plant, where a high tension wire was being grounded through a lightning arrester. Immediately the terrific buzzing, experienced in all local radio receivers disappeared.

The report of the interference was sent in to W. J. Fox of the Pennsylvania Power Company, who succeeded in locating and remedying the trouble.

According to Mr. Fox, this was the worst electrical interference since about this time last year, when a broken high tension switch was found at the plant of the Carbon Brick Company.

Minor Traffic Mishaps Are Investigated By Police

John Loudon of 821 Lathrop street, reported to the police Sunday that he was driving south on Mill street at Taylor street, as Sam Ruscelli of 503 Division street started to cross Mill street from the west to the east side of the street.

Mr. Ruscelli was carrying three pieces of pipe over his shoulder and as he stepped from the curb, the machine of Mr. Loudon struck one of the pieces of pipe, which in turn caught Mr. Ruscelli with some force on the left side of the face. He was not knocked down and claimed to be uninjured.

J. I. Levin of 312 Park avenue, reported that he was going south on North Jefferson street at Grant street, when his machine collided with a car bearing Pennsylvania license 614-389, which was going north on Jefferson street and making a turn west on Grant street. Some damage was done.

A. J. Erickson of 11 West Madison avenue, reported that he was going south on Liberty street at Mahoning avenue, when his machine was in a collision with that driven by a woman and bearing Pennsylvania license 540-054 which was going west on Mahoning avenue. Some damage was done to both machines.

Neyman McNally reported that he was driving the machine of J. M. Fields of Sixth street and had it parked on South Mill street near Washington street. He had a slight collision with the car of Coy Cole which was also parked there, as one of the machines left the parking place. The damage was slight.

G. A. R. Post Condemns Action At Portland

Condemns Act Of National Encampment At Portland, Maine

Post No. 100, Grand Army of the Republic, at its regular meeting Saturday afternoon at the Legion home, passed resolutions condemning the action of the national G. A. R. convention held recently at Portland, Me., in refusing to act favorably on the suggestion that "The Blue and the Grey" hold a joint reunion before the survivors of the Civil war have all passed into the great beyond. The Portland encampment turned down the proffer of such a reunion made by the southern veterans of the Civil war.

The resolution passed follows: "We, the members of post No. 100, G. A. R., in regular session, do hereby condemn the action taken at the national encampment at Portland, Me., in refusing to favor a reunion of the Blue and the Grey. We take it to have been very ill advised and un-American, unpatriotic and uncalled for, and do hereby heartily and unanimously endorse all such reunions."

Ministers Plan For Thanksgiving

Union Service To Be Conducted In Cathedral; Rev. Crooks Reads Paper

The Ministerial Association of New Castle held their regular meeting Monday in the Y. M. C. A. Plans were made for the regular Thanksgiving union service to be held in the Cathedral on November 28, at 10 a. m.

An invitation was also extended to the minister's wives to be present at the next meeting at which time a paper will be read by Mrs. S. E. Irvine. The speaker of the morning was Dr. E. A. Crooks whose paper, "Influences Destructive to the Sanctity of the Lord's Day" was heartily received by the brother ministers.

Thousands Will Troop To Polls To Vote Tuesday

Pennsylvania Voters Will Go To Polls Tuesday In Mostly Local Contests

NO STATE-WIDE INTEREST SHOWN

(International News Service) Untiring efforts to hold their hard-won battle lines intact were evidenced by political leaders throughout the state today in anticipation of the morning when sunrise will see the vanguard of thousands of Pennsylvanians trooping to the polls to exercise their franchise.

Claims and counter-claims; charges and counter-charges; to vote by machine or by hand; the attempted shooting of the Democratic nominee for mayor of Philadelphia over the week-end—all these have contributed to the arousing of interest in the unusually sluggish campaigns which were sagging into the doldrums of indifference during the last few weeks.

No State Wide Interest.

Schuylkill county, already seething with the rapid-fire developments that followed the futile tossing into the political arena of the hat of Charles A. Snyder as Democratic candidate for the common pleas judgeship, finds itself practically satiated with thrills today.

Claude A. Lord, Pottsville's Democratic nominee who opposes the Republican candidate, John B. Dengler, in the mayoralty contest, was made the target, innocently or otherwise, of three pistol shots over the week-end. The shooting, reminiscent of Chicago's hoodlum days, came while Lord was motoring on a lonely road three miles from Pottsville. The Democratic nominee was uninjured.

With the exception of the selection of two judges to the superior court bench, there will be no state wide contests although voters will have an opportunity to show their preference for local candidates in every county of the state.

Pennsy Operator Hurt; Struck By Piece Of Steel

Recoveries In Hospital From Accident Which Occurred During Blasting

J. C. Thompson, of Niles, Ohio, operator for the Erie and Ashtabula division of the Pennsylvania railroad at Mosier, 21 miles west of here, is recovering in St. Elizabeth's hospital at Youngstown today from injuries sustained when a piece of steel struck him during blasting operations in the vicinity of his tower house late Saturday night.

It was said by railroad officials today that while the injuries were of a serious nature hospital attaches had assured them that he would probably recover.

Thompson, the report states, was on duty at Mosier when employees of the A. M. Evers company were blasting an old foundation nearby. As the impact let go a piece of steel shot through the tower room striking the operator a blow on the chest, causing a deep incision. Much of Thompson's weakness is attributed to considerable loss of blood following the unfortunate accident.

And just think, if Mr. Edison hadn't discovered the electric light, school books would contain no argument for private ownership of utilities.

Superior Court Judge Will Start Inquiry Into Death Of Woman Textile Striker

WAS KILLED IN MOB DISORDER

(International News Service) GASTONIA, N. C., Nov. 4.—Sitting as a specially-empowered committing magistrate, Superior Court Judge P. A. McElroy today will start an inquiry into the mob murder September 14 of Mrs. Ella May Wiggins, 31, textile striker and mother of five. She was shot and killed by an anti-Communist mob, who chased her and 20 other strikers from an incipient mass meeting of left-wing labor agitators.

Nine persons were ordered held by the coroner and Solicitor John Carpenter after an investigation which extended over several weeks, but the grand jury refused to return indictment and they were released.

Gov. O. Max Gardner then sent Judge McElroy here to investigate the crime which grew out of the textile town's anti-Communist reign of terror. About 40 witnesses have been subpoenaed to testify. Most of them testified at the coroner's and grand jury's investigations.

Police Get Man On Liquor Charge

Charles Kennedy, colored, was arrested last night by Officers Moore and Thomas at his home 1314 Howard Way, when a quart of liquor, also a five gallon tin container about half full of moonshine was found in his place. They also arrested his wife and two white male visitors. Kennedy was taken before Alderman Walter T. Hamilton this morning, where he was charged with violation of the Snyder Act by Chief of Police C. C. Horner. His wife and the two visitors paid fines of \$10 each.

ROSENA DAM CONTRACT NOT YET APPROVED

When council convened at the city building today Councilman Burns, superintendent of accounts and finances refused to approve the contract with Woods & Golder calling for the removal of the Rosena dam. The work was started sometime ago but high water stopped progress. Burns said that the ordinance providing for the removal of the dam had not been passed. Today it was reported from committee, sent to the printing office and will be passed finally as soon as possible.

LAST MINUTE TACTICS

Following the usual campaign methods, the Democratic nominees for office have resorted to last minute scandalous methods to discredit regularly nominated Republicans,

Fair minded voters will ignore these thrusts from the dark.

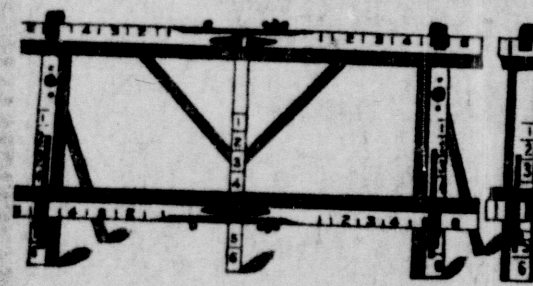

If there had been any reason for attacks, there has been ample time before and since the September primary to make them. This was not done until now in the closing minutes of the campaign, a cowardly attack has been made on Louis G. Genkinger, Republican candidate for council.

Such an attack is unworthy of answer. Methods such as these are employed by cowards, and cowardice has no part in the makeup of fair minded, honest voters of this city. Ignore the last minute attacks of anonymous committees. Such committees are unlawful and failure to report expenditures constitutes a misdemeanor.

Louis G. Genkinger is a native of New Castle and his record as a councilman in charge of streets is remembered as a piece of efficient public work

Boys' Stunt Is Not So Pleasant

Police Chief Requires Boys To Pump Up Tires They Deflated

LOWELL, Mass., Nov. 4.—When two boys, one eight and the other nine years old, were brought before Captain David Petrie, of the Lowell police, charged with deflating five automobiles, they smiled thoughtfully and handed the youthful culprits a tire pump.

Throughout the day the pair bent to the task, and at 5 in the evening four of the tires had regained their symmetrical roundness. Then Frank J. Van Greenby, owner of the automobile, granted the boys a respite, and inflating the fifth tire himself, in announcing expiration of the crime today, Captain Petrie said he believes the boys will regard automobile tires in the future with marked distaste.

PULASKI

Mr. and Mrs. Robert Garrett entertained the members of the N. T. club and their families at a masquerade party at their home on Friday evening in a very delightful manner. The house was attractively decorated in autumn leaves, fall flowers, candles and pumpkins and Halloween colors and other suggestions of the season. Much merriment was caused by the many beautiful and original costumes worn by the guests, 48 being present. A very elaborate Halloween lunch was served and the evening was enjoyably spent in games, stunts and cards.

William Fox Sells To Warner Brothers

Warner Brothers Pay Ten Millions Cash For Interest Held By William Fox Company

(International News Service) NEW YORK, Nov. 4.—The belief existed in motion picture circles today that the much-discussed merger of Warner Brothers with the Paramount Famous Lasky Corporation was much nearer following an announcement by William Fox yesterday that he had sold his holdings in First National Pictures Corporation to Warner Brothers.

The price was in excess of \$10,000,000 in cash. First National has been under the joint control of Fox Films and the Warners for the past few years. In selling out his interest Fox declared that talking pictures have rendered the silent film obsolete.

A plan to merge Warner Brothers pictures with Paramount Famous Lasky was recently announced as dropped, after the proposal had been taken before the Department of Justice at Washington to ascertain whether such a transaction would violate the anti-trust laws.

Group Of Walkers Struck By Auto

Crash May Be Fatal To Two Persons; Driver Is Being Held

CLARKSBURG, W. Va., Nov. 4.—Little hope is entertained for the recovery of at least one of a group of five pedestrians struck by an automobile at Weston last night and another may possibly die. Ralph Dennison, 16, of the Homewood addition there, is being held in jail, with felony charges hanging over him, and a murder charge in the event death result from the mishap.

Mrs. Rennie Cole, 44, suffered a fractured skull and Sylvia Henline, 13, a probable fracture of the skull. Both may die. Carl King and wife received bruises and contusions and George A. King was lacerated about the head, legs and hips.

The driver of the car says a passing automobile crowded him off the road into the group of walkers. State police say his car had faulty brakes.

Says Man, In Paying Tribute To Ten Herbs, New Natural Medicine

Many marvel at the far-reaching results Ten Herbs, the new herbal medicine, gives when taken into the ailing human system. Unlike other medicines, Ten Herbs does not act on one organ alone. Each of its ten

MR. JAMES A. LITTLE

wonderful natural ingredients has a highly beneficial action on one or more organs—relieving ailments of the stomach, liver, kidneys and bowels—and, working together, they cleanse and invigorate the whole human system, end rheumatism, neuritis and nervousness, and bring new feelings of health and strength over the body in general. Get a bottle of Ten Herbs today at Eckerd's of New Castle, Inc., 30 East Washington Street, this city, where this famous preparation is being introduced.

"Ten Herbs has been a great boon to me, and I gladly recommend your wonderful tonic to others," was the recent statement of Mr. James A. Little, 100 Ferry Street, Pittsburgh, Pa. "An attack of flu left me in bed, physical condition. My appetite was very poor, and what little I ate formed gas, which made me feel stuffed-up and uncomfortable. Gas crowded around my heart and caused me to be short of breath. Although I ate carefully, I could not avoid indigestion. I felt weak, and would tire easily. Headaches came on me, and I could not get proper sleep. Constipation bothered me, and as I felt sluggish at times, it is possible that my liver was in a torpid condition.

"A traveling man praised Ten Herbs so highly to me that I started using it. Your medicine has put an end to my health troubles, and made me feel like my former self. The results were better than I expected. Ten Herbs was a good tonic for me, increasing my strength. I have a good appetite now, and am free of gas, bloating, shortness of breath and other distress caused by indigestion. My nerves are as steady as steel, and my sleep is sound. I feel fine when I arise in the morning. My liver and bowels are in good order, and I do not feel sluggish any more."

Ten Herbs is being introduced at Eckerd's of New Castle, Inc., 30 East Washington Street, this city, and is sold by all leading druggists throughout this entire section.

Loyalty Stressed At First Church

United Presbyterians Inaugurate Drive To Continue For Month

"Loyalty Month" was inaugurated yesterday in the services of the First U. P. church, to continue throughout November. Noticeable increases in attendance marked both the morning and evening service.

The pastor, Dr. S. E. Irvine, assisted by W. M. Ramsey, has assumed directorship of the loyalty campaign. The objective is to win from every member their assent to faithfully attend each service of the congregation during the 30 days. Midweek services are included.

Tells U. P.'s Of Pension Fund Plan

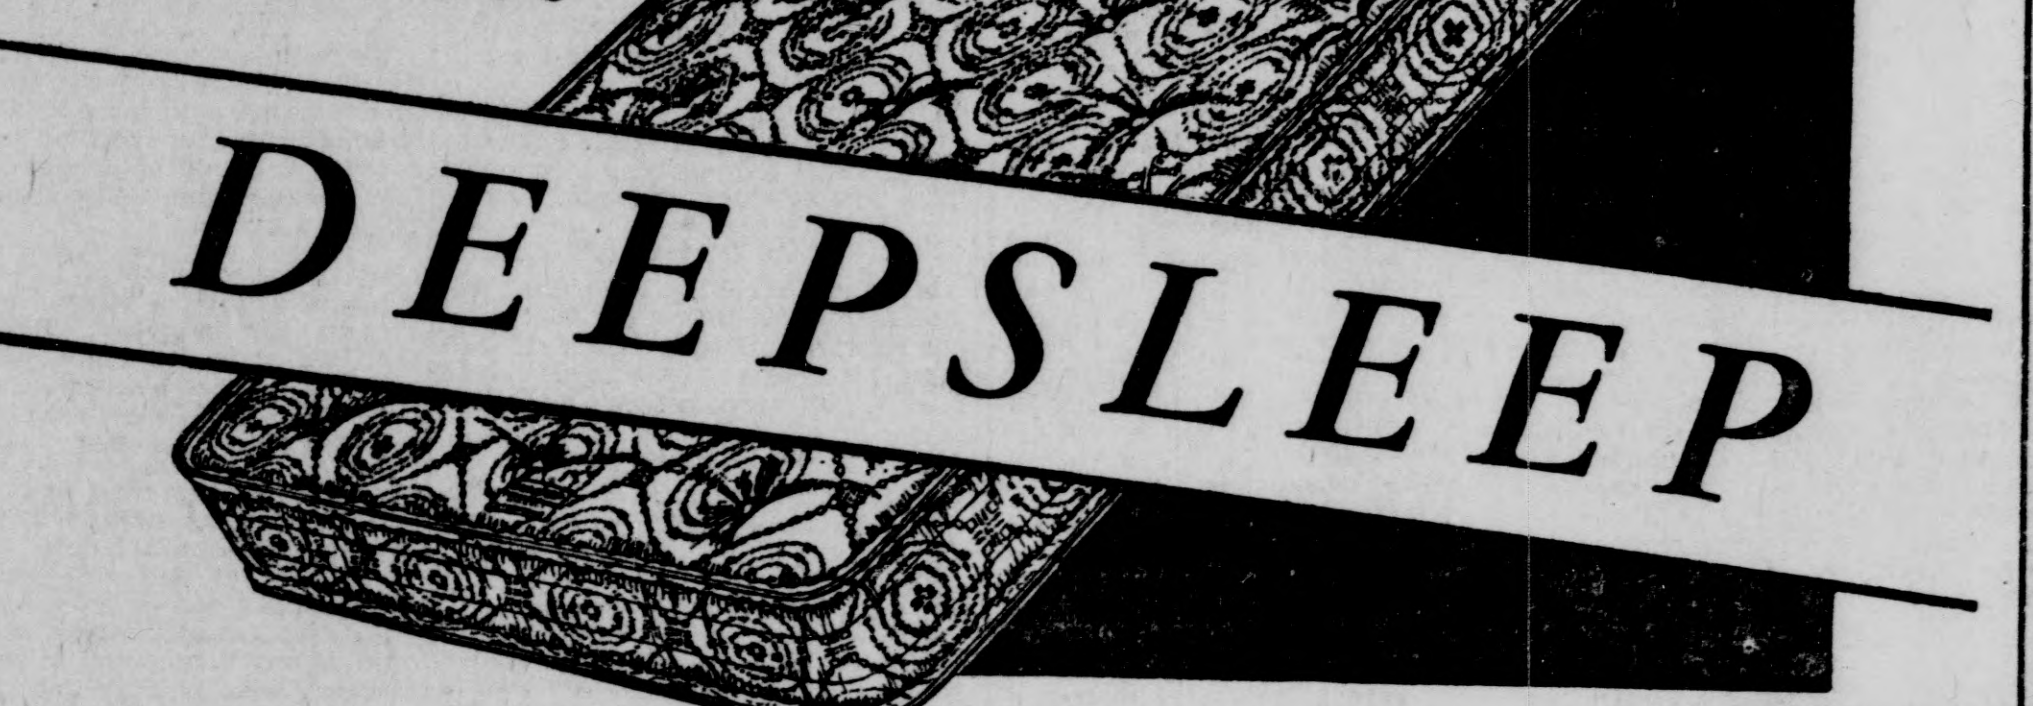

R. W. Sharpe of Troy, N. Y., spoke Sunday at the morning services of the First United Presbyterian church in behalf of the proposed U. P. ministers' pension retirement fund campaign. Mr. Sharpe explained fully the details of the plan and emphatically pointed out that it is a responsibility which United Presbyterians must face. He also appeared before the Highland congregation earlier in the morning.

Other News Notes Of The
Seventh Ward

For both morning and evening church services in the Mahoning Methodist church on Sunday the auditorium was filled to capacity. The past five weeks an attendance contest has been on in the church. The attendance of both morning and evening church services and Sabbath school counts in the contest.

Special music featured both church services. At the morning church services several gospel songs by a male chorus of 30 voices were very much enjoyed. This special music was sponsored by the Men's Bible class, taught by J. M. Yates.

At the services Sunday evening special music was rendered by Miss Anne Thomas and Miss Gladys Thomas. Miss Anne Thomas played the pipe organ, accompanied by Miss Gladys Thomas on the violin. Another feature was a song by the Gillette sisters, daughters of Jack Gillette. The special music was much appreciated and

had been arranged by the red side in the attendance contest.

On Thursday evening of this week the blue side in the attendance contest will present an entertainment program. Recently the red side in the contest presented an entertainment program which was much enjoyed.

Some News, Some Views, But
Mostly Just Observations
Of Interesting Things
Around New Castle

Football on Saturday afternoon turned out to be a lot of "meles in the mud", with the better mudhorse winning. Going to a game Saturday was merely taking your choice of where you wanted to get wet, and some of us went to New Wilmington to see the jousting between Westminster and Bethany, the United Presbyterians against the Christians.

It was one of those games that the magazines like to write about, a game played in what might have been a football field once, but on Saturday afternoon was little better than a quagmire. One scrimmage and a player looked as though he had been splashed by a truck. Two scrimmages and his uniform was covered, and three scrimmages and you didn't know which side he was playing for.

Every other scrimmage called for time out until the players could get the real estate out of their eyes and ears. The only way the referee could be sure which team was which was by remembering which way they were going when the quarter opened.

Uniforms must have weighed fifteen pounds heavier by the end of the first quarter, and by the end of the game all of the lads looked as though they had been buried in the mud. Fortunately it was Saturday afternoon, and the weekly bath was due in the evening.

Westminster won, because it was the better team and the wonder is why it hasn't won more games after watching them for the first time Saturday. A lot of good plays, and a fairly strong team. Why they lost to Thiel is a mystery.

By the appearance of the weather today it will be a typical old time election day tomorrow. One where the rain squozles down your coat collar as you step up to the polls, and the probabilities are that the vote will be a light one.

In spite of the frost and cold we have had, some of the flower enthusiasts still have blooms. In the front yard of Mr. and Mrs. Jack Griner on Albert street is a dahlia bush that has as pretty a red bloom on it as any it produced in the warm weather, with a large bud ready to bloom in a day or so.

Widow Is Paying
For Hubby's Theft

SEATTLE, Nov. 2.—So that her late husband might "rest better" an unidentified woman is paying Mrs. Evelyn Ford, through small weekly payments, for 40 chickens her husband took from the Ford chicken house 20 years ago.

A mysterious letter was found by Mrs. Ford in her mail box. It was writing of an aged person and read: "Mrs. Ford: A long time ago my man took chickens three times from your place. Now he is gone and the children and I think he might rest better if you got some money for them. Just a little each week maybe."

Each week, following receipts of the letter, one, two or three crisp \$1 bills have reached the Ford home by mail.

GLENDORA
A Master Blend

JUST as Mother Nature has given harmony of feature—snapping, flashing eyes, softened by dreamy lids—peach blow cheeks and tantalizing cherry lips—a symphony of beauty that delights the world to the fair daughters of the sunny tropical lands from whose mountain plantations comes the world's finest coffees.

So has a Master Blender taken the TOP CROP of these rare, highland coffees and created GLENDORA, a harmonious blend—full flavored with a mellow depth of body and tempting, fragrant aroma for the pleasure and taste-satisfaction of men and women who appreciate the best.

Only by knowing GLENDORA can you realize the keen cup-satisfaction which has won for it the title—

Something New
for Over-Stout
Women

You can wrap a 250-pound woman into this beautiful garment and bring her down to the most shapely figure. For it is an exquisitely designed and beautifully worked and finished piece of apparel. You may call it a corset or supporter and yet it is a delight to the eye and a contribution to comfort never before attained. It is

**The W. S. Rice
Reducing Surgical
Corset**

The front and back are so designed that those great layers of fat that bulge over the abdomen and roll in waves down the back to the waist, are all smoothed out and gently but firmly kept in place to show 50 to 75 pounds reduction. It lifts up and supports the abdomen, snugly rounds over the hips, curves the waistline to symmetrical appearance and brings the entire figure into slenderizing proportion.

On Free Trial

In every neighborhood and community are women who have undergone surgical operations, leaving weak places that sometimes break apart with most unfortunate results. If you have undergone a surgical operation that has left the abdomen weak, a simple attachment of air cushions to the corset gives perfect support and protection.

It is made by Wm. S. Rice, Inc., in the largest and most complete factory of its kind in the world, and it needs but a try-on to prove it the first and only perfect Reducing Corset ever made for stout women.

Put it on and see how charmingly it feels, how perfectly it brings you into shape, how nice and comfortable you feel, how easily you breathe, how active you become, how you can bend over without strain, walk upstairs like a girl and wear modern gowns with all the appearance and freedom of a perfect figure.

Mrs. P. H. Casler, the personal representative of Wm. S. Rice is now here to give the ladies of New Castle every opportunity to fully test this wonderful Reducing Corset.

Needless
Pain!

People are often too patient with pain. Suffering when there is no need to suffer. Shopping with a head that throbs. Working though they ache all over.

And Bayer Aspirin would bring immediate relief!

The best time to take Bayer Aspirin is the moment you first feel the pain. Why postpone relief until the pain has reached its height? Why hesitate to take anything so harmless?

Read the proven directions for checking colds, easing a sore throat; relieving headaches and the pains of neuralgia, neuritis, rheumatism, etc.

You can always count on its quick comfort. But if pain is of frequent recurrence see a doctor as to its cause.

Evangelist At
Tabernacle Here

Rev. C. H. Erickson Begins Two
Weeks Revival
Series

Evangelist C. H. Erickson began a two weeks revival at the Alliance Gospel Tabernacle on Pearson street yesterday with the church filled to overflowing.

At the night service many were turned away unable to get in the building. Evangelist Erickson is the one that held the great revival a year ago in the large tabernacle known as Everybody's Tabernacle down on Mill street.

The evangelist told how glad he was to be back again to New Castle and said many good things about the city and how well he was treated when here the last time. He made mention of how well The News reported the meetings and told of other cities that had not been so liberal towards church news.

The subject in the morning service was the "Power That Made Gideon." "It was not the great Gideon but rather the Spirit of the Lord came upon him. He was a very weak man and afraid to even show himself and he himself said I am the least of my brothers but when the power of the Lord came upon him he was the great man that led his three hundred men to battle against the thousands." The night service was started thirty minutes early as the church was filled then to overflowing and the people stood around the walls with every available room taken.

The subject for the night service was "The Mission of Christ." "Christ came into the world to help those that need help. He came to set the captives free and to set at liberty them that were bruised and to heal the broken hearted." "Many make believe to others that they are very happy but under the cover if we can look behind the stage we would find just a very heavy heart. Jesus will bring joy to man."

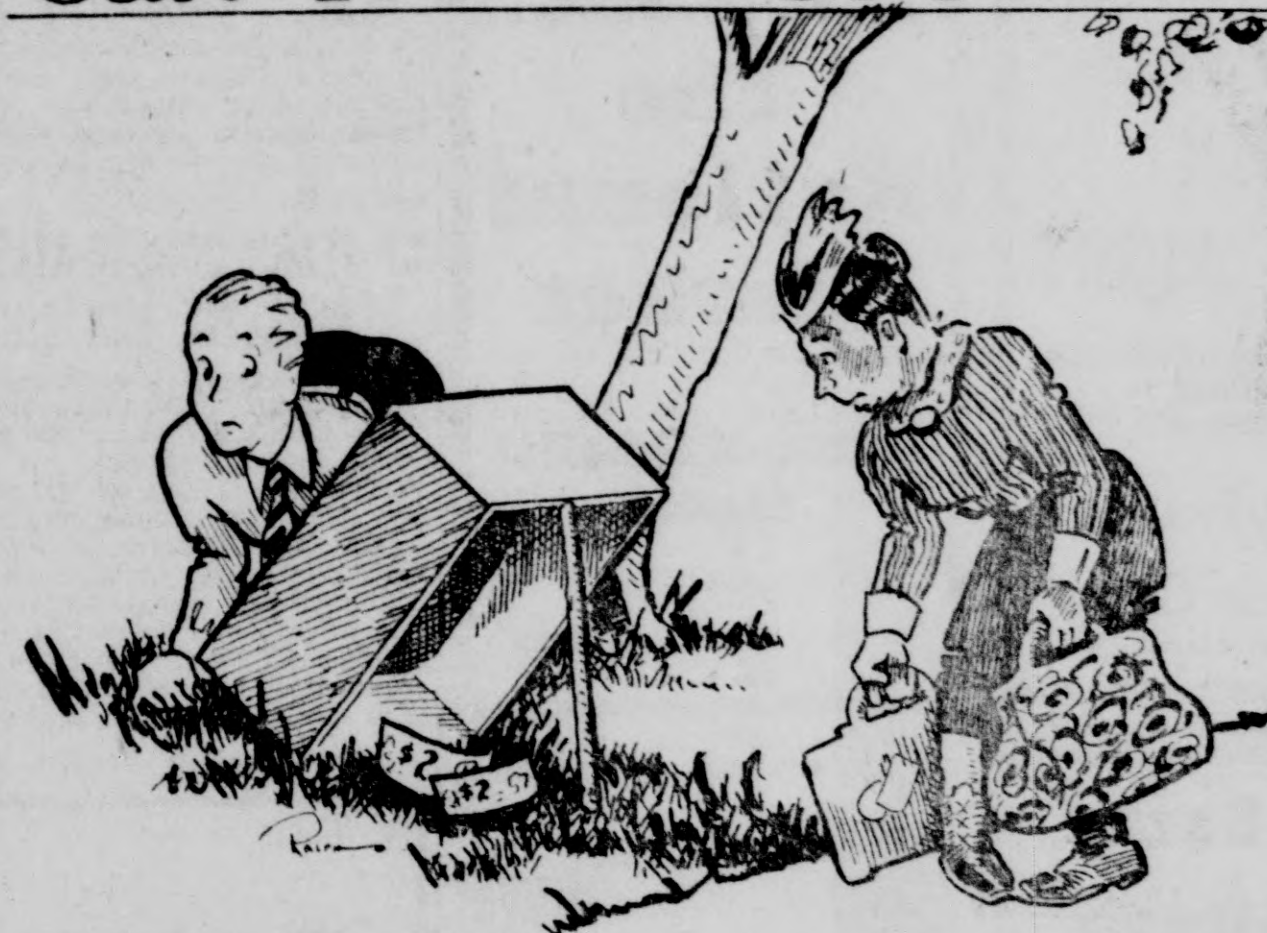

Many from Youngstown and other cities were at both services and delegations will be coming at each service this week.

There will be no service Monday night but every other night there is a service starting at 7:30.

Autoist Is Killed, Woman Injured In Auto Crash

CONNELLSVILLE, Pa., Nov. 4. — Soisson Madigan, 32, was almost instantly killed and Miss Elizabeth Paisley, 21, suffered contusions of the body, shortly after midnight, when the automobile in which they were riding down the Springfield Pike, one mile east, got beyond control on a curve in dense fog and turned over.

Thomas New Meyer was the driver of the machine. He endeavored to right the car as it struck a concrete apron in the highway, but the machine crashed on its side. Madigan and the girl had opened the rear door preparatory to jumping. Madigan was caught beneath the machine as it upset and sustained a fractured skull, broken ribs and internal injuries. He died soon afterwards at the Conneltsville State hospital.

Miss Paisley's condition is not serious. New Meyer escaped with bruises.

MERCER NEWS

A joint meeting of the Junior and Senior Musical clubs will be held this evening in the Methodist church. The associate members have arranged a recital by Mr. Selpie director of the Thiel Conservatory of Music.

Miss Martha Cummings was hostess to 25 of her school friends Friday evening at a Halloween party. The little guests were all masked and games appropriate for the season were played. The house was decorated in Halloween colors and symbols.

John Vandervort poultry specialist from Pennsylvania State college will be present and make a speech at the meeting of the Mercer County Poultrymen to be held at the county agent's office on Wednesday evening November 6 at 8 o'clock.

L. D. Hill of Mercer and Herbert Montgomery of New Vernon township were arrested Thursday evening by Assistant Game Protector O. A. Perschka of Sandy Lake for violating the game code. When arrested the men had two rabbits and said that they had gone to salt the live stock and took their guns with them and they just couldn't resist the temptation when they saw the rabbits. They were each fined \$10.

157—The Capture Of Bagdad

5-6-29

IN THE SPRING OF 1917, A BRITISH ARMY UNDER GENERAL MAUDE WAS HOTLY ENGAGED WITH THE TURKS IN MESOPOTAMIA. WITH BAGDAD, THE ANCIENT CITY OF THE CALIPHS, FOR HIS GOAL, MAUDE FOUGHT HIS WAY UP THE TIGRIS RIVER IN THE FOOTSTEPS OF TOWNSHEND'S ILL-FATED FORCE.

THE BRITISH GENERAL HAD BEGUN HIS CAMPAIGN WITH A DETERMINED ATTACK UPON KUT EL AMARA IN DECEMBER, 1916. BY CONSTANT FIGHTING HE SUCCEEDED IN EXHAUSTING THE TURKS, AND WITHIN TWO MONTHS HAD DRIVEN THEM FROM THE RIGHT BANK OF THE TIGRIS.

MAUDE THEN CROSSED TO THE LEFT BANK OF THE RIVER, OUTFLANKED THE MAIN TURKISH ARMY, AND COMPLETELY ROUTED HIS OPPONENTS IN A FIERCE BATTLE. THE TURKS FLED PELL-MELL, WHILE THE BRITISH PUSHED ON TOWARD THEIR GOAL.

ON MARCH 11, 1917, GENERAL MAUDE OCCUPIED BAGDAD. HAVING ACHIEVED HIS OBJECT, MAUDE NOW PLANNED TO EFFECT A JUNCTION WITH THE RUSSIAN ARMY OPERATING IN TURKISH ARMENIA TO ESTABLISH A SOLID LINE AGAINST THE TURKS. HOWEVER, THIS PROSPECT WAS SHATTERED BY THE RUSSIAN REVOLUTION, WHICH OCCURRED THAT SAME MONTH.

FIRPO MEETS BURNS AT BOWL TONIGHT

Expect 5,000 To Crowd Jolly Bowl

Firpo And Burns Express Confidence As Time Nears For Bell To Ring; Both In Pink Of Condition; Al Reno Meets Severio Again; Three Other Battles; First Setto Starts At 8:15 P. M.

By ED. FRITZ.

Johnny Burns, Oakland, Calif., and Henry Firpo, Louisville, Ky., middleweights are ready for their Drama in Punch tonight at Jolly bowl and as the hour approaches for the pugilistic setto the hearts of fandom seethe with excitement and a crowd which will crowd the bowl is expected.

Firpo arrived here Saturday, journeyed to the Rocco gymnasium and with Jimmie Dunn his managerial instructor in the role of director, travelled a dizzy pace through 10 rounds. Never before had the fans seen Firpo show as much "pep", punch and eagerness in a workout.

Firpo Expresses Confidence
The elongated Louisville middleweight who has been somewhat of a fistic enigma appeared to be in the pink. His eyes were clear and his skin pink. He had a springiness of step that would have done justice to Jack Dempsey in Jacaues palmist day.

He fairly beamed with confidence as he radiantly told some of his supporters: "I'm going in there to win tonight. I'm going to try for a knockout as soon as the bell rings. If I should be knocked down, I'll get up. If I am put down again, I'll get up again. I'm going to show them the real Firpo tonight!"

Burns arrived here this morning, thus curbing any intention on the part of the Firpo element to watch him in training. His mentor, Tom Walsh had Johnny work out Saturday and Sunday in their own gymnasium in Chicago.

What Burns Says
"You're going to see the Burns that the people have been wanting to see tonight," said Walsh. Turning to the Californian, Walsh said: "Tell the man what you'll do tonight." Burns grinned and said: "I'm going to win. A knockout is my goal. That is all I can say."

That's that! Firpo is confident, likewise Burns. The Louisville pugilist knows that Burns is the best middleweight he has ever fought. On paper, Burns ranks a couple of notches above Firpo. Burns has fought Bert Collins, Lomski, De Vos, Jem Roche and in fact many boys far up the middleweight ladder.

Both Walloped McKenna
Burns came here several weeks ago and fought Jack McKenna. McKenna struck Burns on the chin with a right hand in the second round and after the seventh Burns awakened like a tiger. In the ninth and tenth he hit the rugged McKenna with everything but the water bucket.

He employed all the tricks that a good fighter knows to jockey McKenna around the ring. During the tenth round he landed more gloves than can be found in most factories and after the seventh Burns awakened like a tiger. In the ninth and tenth he hit the rugged McKenna with everything but the water bucket.

Firpo fought Jack McKenna twice. The first time at Cleveland and the Nova Scotian landed his famous Mary Ann and Firpo went down. He lay on the floor for a while and Jimmie Dunn, as though to say: "Don't worry, Jim, I'll be up fighting in a moment." He got up at nine. That was as far as McKenna's knockdowns went.

Henry punched McKenna for the decision and lately met him again at Cleveland. He walked around the Nova Scotian as though he was a half post. But Jack managed to hit him on the left eye and when Firpo met Harry Fuller here he did not take any undue chances. In fact Harry never got near Firpo's back eye.

Demanding This Battle
While the fans have seen Firpo beat practically all his opponents here they were not satisfied and demanded that he meet the best opponent that could be secured. Frankie Schoell turned him down. Firpo fought Jack McVey at Williamsport and he claims he should have received a draw.

Asked why he let Firpo fight such a cunning boxer as the negro, Dunn explained: "McVey is one of the best. I wanted to see what Firpo could do and found out. After the fight I determined that if the fans of my home town wanted Firpo to fight Burns I would sign for the encounter."

And now that the Burns-Firpo battle is calendared for tonight it will be a costly affair. It is no ordinary financial pugilistic venture. Burns

Greensburg Will Have Tough Team

Greensburg High Walks Over Wilkinsburg 12 To 2; Play Here On November 16

By "BUGS"

New Castle High School will more than likely face an undefeated Greensburg High eleven at Franklin Field on Saturday, November 16. Greensburg plays New Kensington High at Greensburg next Saturday.

Saturday at Wilkinsburg, Pa., the undefeated Greensburg team won 12 to 2. The field was muddy, but this did not seem to bother the Loucks machine as they went about the business of scoring a pair of touchdowns. The Carroll coached team gave the Greensburg team a real tussle. Brinkley and Larue did the scoring for Greensburg.

Washington High was handed a surprise Saturday on a muddy field when Titus Creek Union held them to a deadlock 0-0 score. It was the first time this year that the Washington team has failed to chant the victory song.

Foxy Miller's Turtle Creek team played an inspiring game to hold the strong Little Presidents from the goal-line. The Washington team will meet New Castle here on Thanksgiving Day.

Here is the way some of the other well known high school teams in this district fared in games played Saturday:

Rochester High snapped the winning streak of Westinghouse High 6 to 0 in a terrific battle at Rochester. The Rochester team has not met defeat this year, and is headed for the W. P. I. A. L. title is the belief. Youngstown Rayen won from Youngstown East in a mud battle at Youngstown, the score was 18 to 0. By their victory the Rayen team is qualified to meet Carnegie High on Thanksgiving Day for the championship of the city High Schools of Youngstown. New Castle patted Rayen at Franklin Field early in the season 19 to 0.

Alquippa High another team that fell before New Castle High at Franklin Field, had good success in their invasion into West Virginia on Saturday, kicking Chester High 33 to 0. The West Virginians never threatened the Pennsylvania team's goal.

Butler High walloped an old foe of New Castle's, none other than Beaver Falls High, and this time the Heckathorne team took one on the chin 22 to 0. Beaver Falls High has been defeated plenty this year.

Coach Joe Hartman's Grove City High team nosed out an 18 to 12 victory over Farrell High in a game at Farrell on Saturday. Most of the scoring was done in the first half of the game, with the play about even in the final periods. New Castle beat Grove City 13 to 0 here.

Three Are Tied In Church League

The first three weeks of the New Castle Church League season over, finds three teams fighting for first place. The Mahoning, M. E. Central Christians, and First Christians. The Central Presbyterians and Congregationalists are in runner-up positions.

On Tuesday evening the Central Christians meet the First Christians at the "Y" in what should be a fine bowling match. The winner of this match will take first place.

The following five men were high for the week just past: H. Richards, Central Christians 191; J. Steinbrink, Congregationalists, 162; Van Fossan, Central Presbyterians, 139; Watson, Mahoning M. E., 134; Wagner, First Christians, 128.

The Central Christians were high for the week in total pins with a mark of 1,533. H. Richards set what is believed a local record for the Y. M. C. A. alleys when in a three game match with the Epworth team rolled a total of 496 pins.

Following is the standing of the league to date as submitted by H. Brooks:

First Christian	W. L. Pet.
Central Christian	7 2 777
Mahoning M. E.	7 2 777
Central Presbyterian	5 4 555
Congregational	4 5 444
Epworth M. E.	2 7 222
Croton M. E.	2 7 222

Westminster Defeats Bethany In Close Battle Saturday 7-0

Deacle Plunges Over Line For Only Score Of Contest

Gridiron Is Muddy—Several Substitutes In Westminster Line

(Special To The News)

NEW WILMINGTON, Pa., Nov. 4.—A revamped Westminster college team, with three regular linemen absent, played up to its reputation as a mudhog here Saturday afternoon and walloped through four quarters of a slippery game to down the fighting Bisons of Bethany college by a 7-0 score.

From the start of the game it was evident that the Titans had power. For Bob Deacle, Sharpville lad, gained through the Bison line play after play and Campbell, Perrin and Michaels added to the yardage. In the first half the U. P. outfit registered seven first downs to none by Bethany, threatened the Bison goal line on four occasions and kept the ball in the visitors' territory for the two periods.

Titans Threaten.
Dupko kicked off for Bethany to Perrin on the Titan 24. Deacle, in three attempts, made first down. Deacle and Perrin picked up more yardage, but Kasarda, Bethany back, intercepted Michael's pass on the 40 at this juncture.

Baker and Roe made exactly three yards in three attempts at the line and then Lutz's pass was incomplete. The ball going to Westminster on the Titan 32. After two plays, Deacle fumbled coming through the line and Grynayvski recovered for Bethany on the Titan 27. In four tries, Baker, Roe and Kasarda made four yards and Westminster took the ball.

Campbell and Michaels in two tries made 12 yards and first down. Campbell added nine more. Westminster received the first of a large number of penalties for having the backs in motion at this juncture. Campbell and Deacle picked up 10 yards and Michaels added two through the center of the line before Michaels punted to the Bethany 28. Kasarda caught the punt and then dropped it as "Bud" Brownlee, lanky end, fell on the ball. Campbell and Deacle made 11 and first down as the first quarter ended. Score: 0-0.

Second Quarter.
Perrin made two yards and was penalized five for coming out of the line and first down. Deacle, Perrin and Campbell made eight thru the line, and then Perrin fumbled on the Bethany 4-yard line and Grynayvski recovered for Bethany. Imel punted out to the Bison 38 to Campbell.

Perrin and Deacle made seven thru the line and then Michaels punted to the Bethany 40. It rolled over the corner of the field and out of bounds on the goal line but the officials claimed that it went over the line and awarded it to Bethany on the 20. Roe made a yard. Imel caught a bad pass from center for an 11-yard loss. Imel then punted to Michaels on the Bison 47. Campbell needed but two tries to make 13 and first down. Deacle and Campbell made five more and then Michaels fumbled on the Bison 31 and Benke recovered for Bethany.

Twedy, Titan end, retaliated on the next play by recovering Baker's fumble on the Bison 30. Deacle made three, but both were offside. Two passes, Michaels to Brownlee, were incomplete and the Titans received a five-yard penalty. Haldy made nine. Johnny Hall, Youngstown flash, substituted for Perrin at this juncture and on the first play took a lateral pass and raced 12 yards around left end for first down. Hall lost three yards on the same play around right end and then picked up 15 and first down around left end. Deacle made six in two tries, placing the ball on the Bison three-yard line. Hall lost one. Michael's pass to Brownlee over the goal line was incomplete when two Bethany players clipped the end out of the play. Officials ruled the pass incomplete, the ball going to Bethany on the 20.

Ronalds immediately punted to the Bison 40. Michaels tried two passes, both of which were incomplete. Following a five-yard penalty, Michaels heaved another pass to Brownlee, but Imel intercepted the ball on the Bison 42. Roe made a scant yard thru the line as the half ended. Score: 0-0.

Titans Score.
Haldy kicked off to Ronalds, who returned to the Bison 35. Bethany was penalized 25 yards for clipping from behind on the kickoff, and the

Hall lost four around end and Haldy picked up 10. Deacle smashed thru tackle for six and first down. Brownlee lost two on the end-around. Hall 20. Deacle made three through the line and the ball, still another pass, but Campbell intercepted on the Titan 20. Deacle made three through the line but Westminster was holding and suffered a 15-yard penalty. Haldy, standing in the end zone, punted out to the Titan 30 as the game ended.

For Westminster. Deacle at fullback. Armour at tackle, Haldy, Hall and Campbell at halves and Boone at center were outstanding. For the Bisons, Dopko and Grynayvski on the line and Roe in the backfield stood out.

Bisons Open Up.
Hall and Haldy made 10 on two plays and then Haldy punted out of bounds on the Bison 16. Roe made two, Roe was stopped for no gain, and Ronalds punted to Haldy on the Bison 46.

Deacle made two, Haldy picked up three, the Titans were penalized five for offside for having the backs in motion, and then Haldy tangoed on the muddy field, cut back through tackle and made 12 and first down. Haldy made seven more on two attempts. Here again Baker interfered with the receiver and the officials ruled the pass complete on the Bison eight-yard mark.

Haldy kicked off to Ronalds on the Bison 30, who returned to the 38. Varrasie made one, Westminster was penalized five for offside, Varrasie made one, Roe was stopped at the line. SMALLER COUNTY SCHOOLS DRAFT FLOOR SCHEDULE

Four Smaller Schools Are Independent Of Larger County Highs

Two sections have been created in the county high school basketball league this year, one including the six larger schools and the second comprising the four smaller high schools. The schedule of the first section was carried in the sport columns of The News last week, while the 1929-30 card for the smaller division is listed today.

Enon Valley, Princeton, Plaingrove and Harlansburg have entered "the little four" and the following schedule has been arranged. The season opens with two games on December 13 and closes at Enon Valley on February 7.

Following is the complete schedule: December 13, Enon Valley at Plaingrove, Plaingrove at Harlansburg. December 20, Princeton at Plaingrove.

January 3, Harlansburg at Plaingrove, Princeton at Enon Valley. January 10, Harlansburg at Princeton, Plaingrove at Enon Valley. January 17, Plaingrove at Princeton, Enon Valley at Harlansburg. January 24, Princeton at Harlansburg.

January 31, Enon Valley at Plaingrove. February 7, Harlansburg at Enon Valley.

Ben Franklin again won the junior football championship by winning from George Washington 7 to 0 in the first game played and tying with the series by a score 6 to 6. Franklin also placed second in the senior class league by defeating the seniors 13 to 0 and tying the juniors in a scoreless game.

Union H. S. and Shenango H. S. were other victims of the Franklinites, the only defeat was at the hands of the Sophomore team which was composed of former Franklin football men who are now on the senior high varsity squad.

The squad this year was undoubtedly the lightest Franklin team in years but what the boys lacked in weight they made up in determination and speed. Paul Rishel, center, Mike Dicarlo, fullback, and Walter Komik halfback were the outstanding stars of the season's play while Bill Regan half and Herb McLure quarterback played good ball.

Franklin 12, Shenango High 7.

The following Franklin players have earned the school letter this year. The awards will be made at a special chafin course in 30 minutes and 31 seconds. He was followed a minute later by Price of Tech. Then came Brown, Shafer, Lord, Frank, and Wallace, all of Tech. Stocker was the second Westminster runner to finish. E. Myers was third, Silver of Tech was next, and Wallace of Westminster was eleventh.

The scoring:
Carnegie Tech: 2-3-4-5-6-20

New Castle High Will Meet South

South High Youngstown is the next opponent for the New Castle High School Bearcat eleven. The game will be played at the South High field on Saturday afternoon.

Much of the glamor of the annual New Castle-South game has been taken away this year by the fact that South has taken four pastings in a row from Superior teams. Lakewood Cleveland, was the first team to beat South, then followed Horace-Mann High of Gary, Indiana, Youngstown Chaney, and last of all, Salem, Ohio.

New Castle High has been defeated once this fall, losing a hard-fought battle to Westinghouse High of Pittsburgh 20 to 13. On paper the Bridenbaugh charges are about three or four touchdowns better than South High. Anything can happen in a football game. New Castle is liable to go over there Saturday and "blow one."

Taking the records this year of both teams, the local Bearcats are the big favorites. South High has practically the same team that blew a 32 to 7 defeat to New Castle here last Thanksgiving.

"Peck" Lee May Coach At Pitt

According to a story going the rounds in the Ellwood City and Beaver Falls district, "Peck" Lee, head football coach at Ellwood City High School is being seriously considered as a line coach at Pitt University for next year. Coach Jack Sutherland of Pitt is known to hold the Ellwood High mentor in deep regard. Jim MacMurdo, one of Lee's former pupils is a regular on the Pitt undefeated team this year.

Mergers are just trusts that no longer are wicked because almost everybody has a little stock.

Deacle, Titan Fullback Is Star Of Bethany Tilt

Here is Westminster's smashing fullback, Bob Deacle, former Sharpville high school star, who scored the touchdown and the extra point in Saturday's game which Westminster won over Bethany. Deacle, a freshman, played at tackle for four years at Sharpville, but is making good on the Titan team as fullback. In the last four games he has averaged 55 yards from scrimmage each game.

Eddie McGoorty Has Passed Away

Eddie McGoorty, former middleweight pugilist passed away late Saturday night at Milwaukee. He was 44 years old. Tuberculosis caused his death. McGoorty fought all the top-notchers. He met George Chip the former boxer and present referee several times. McGoorty was a World War veteran.

City Election Here Tuesday

Most Important Feature For
Taxpayers Is The Pro-
posed Bond Issue On
Tuesday's Ballot

Position Of Burgess, Council-
man And Tax Collector
Are Being Contest-
ed Here

ELLWOOD CITY, Nov. 4.—At the election here on Tuesday several interesting issues will come before the voting power of the taxpayers of Ellwood City.

First and foremost of local interest is the proposed bond issue which will increase the indebtedness of the town \$185,000. Introduced at a meeting of the borough council last month, the members of that body voted unanimously approval of the project and pledged their support.

The various departments of the bond issue may be voted upon or rejected separately. The money, if voted favorably, will be used for the creation of a city park in the Ewing Park district, building a viaduct over the railroad tracks at Second street for the relief of traffic congestion, building new storm sewers and raising money for the Central school building which will be eventually turned into a city building, according to reports. There has been much discussion of the bond issue, and many informal explanatory talks regarding it made before the various civic clubs of the city.

As far as local contests for office are concerned, former Burgess Ben Swick is a candidate for Burgess on an independent ticket. Jud Turner is the candidate on the Republican and Democratic tickets for this office. In the recent primary elections, T. A. E. McConaghy won out on the Republican ticket for nominee for the office of tax collector. His opponent will be S. A. Roeloff, running on the independent ticket for the same office.

Councillors Enjoy Dinner-Meeting

ELLWOOD CITY, Nov. 4.—Deputy State Councillor Jonathan Jacobs of this city and Robert Barkley of the New Castle Fraternal Patriotic American lodge No. 180 were among the seven deputy state councillors present at the dinner-meeting which took place Saturday night in the Henry hotel in Pittsburgh.

The object of the meeting was to plan various P. F. A. activities for the coming season. Allegheny, Fayette and Lawrence counties were represented at the meeting and the men planned for a booster meeting which will be an event of November 22 at the Wampum lodge.

Members of the executive board of the state council will meet with the local lodge on March 7, 1930. The next regular meeting of the Fraternal Patriotic American lodge takes place November 15 in their lodge rooms in the First National bank building.

Hundreds See Game In Pouring Rain

Hundreds Of Local Fans Journey
To Pittsburgh By Train And
Motor For McMurdo Day

ELLWOOD CITY, Nov. 4.—At 10:15 Saturday morning a special train left the local station loaded with an optimistic crowd of fans who were enroute to Pittsburgh for the Pitt-Ohio State game, in honor of Jim McMurdo, local boy, who is starring for Pitt this year. Even through the pouring rain their enthusiasm remained at a high pitch and they were rewarded by witnessing an interesting contest with Pitt gaining an ultimate victory.

The team and officials of the Ellwood City high school went in a body and were guests of the Pitt team at the game. After the game the various parties dispersed to dinner, the theater, etc., for the balance of the evening before the special left the Pittsburgh station enroute to Ellwood City at 11 o'clock Saturday night.

Included among those who witnessed the game were Mr. and Mrs. Paxton Pike, Mr. and Mrs. Ralph Evans, B. J. Bell and a party of highway engineers, Miss Minnie Jenkins, Mary Maxwell Offutt, John Offutt, Jr., Mr. and Mrs. Theodore Markwort, Mr. and Mrs. Frank Moltrup, Mr. and Mrs. Harold Seidel, Mrs. W. R. Thompson and daughter Miss Mary Jane, Dr. and Mrs. Fred Swanson, Mr. and Mrs. Loring Gelbach, Mr. and Mrs. Tom Daley, Mr. and Mrs. Roland Haines, Mr. and Mrs. Carl Stiefel, Jr., Mr. and Mrs. Herman Wilson and party, Dr. and Mrs. H. D. Patterson, Ray Johnson, Fred Loeffler, Robert Thompson, Miss Grace Harris, Miss Gladys Conner, Miss Claire Smith, Paul Flautz, Tommy Graham, Boyd Zeigler, Mr. and Mrs. Mervin Haines, Mr. and Mrs. Walter Kuhn and house guests Mr. and Mrs. Van Horn, Mrs. Albert and son Bill, Ralph Adams, Miss Mary Louise Davis, Larry Liggit and Miss Kennedy.

Sunday two minor accidents took place at stop light signs on Lawrence and Fifth and the other on Wampum avenue.

PYTHIAN SISTERS

PLAN CARD PARTY

ELLWOOD CITY, Nov. 4.—Cards and a social evening will follow the regular meeting of the Pythian Sisters in the Pythian Hall on Fourth street Thursday evening at 8 o'clock.

Punting Pippins

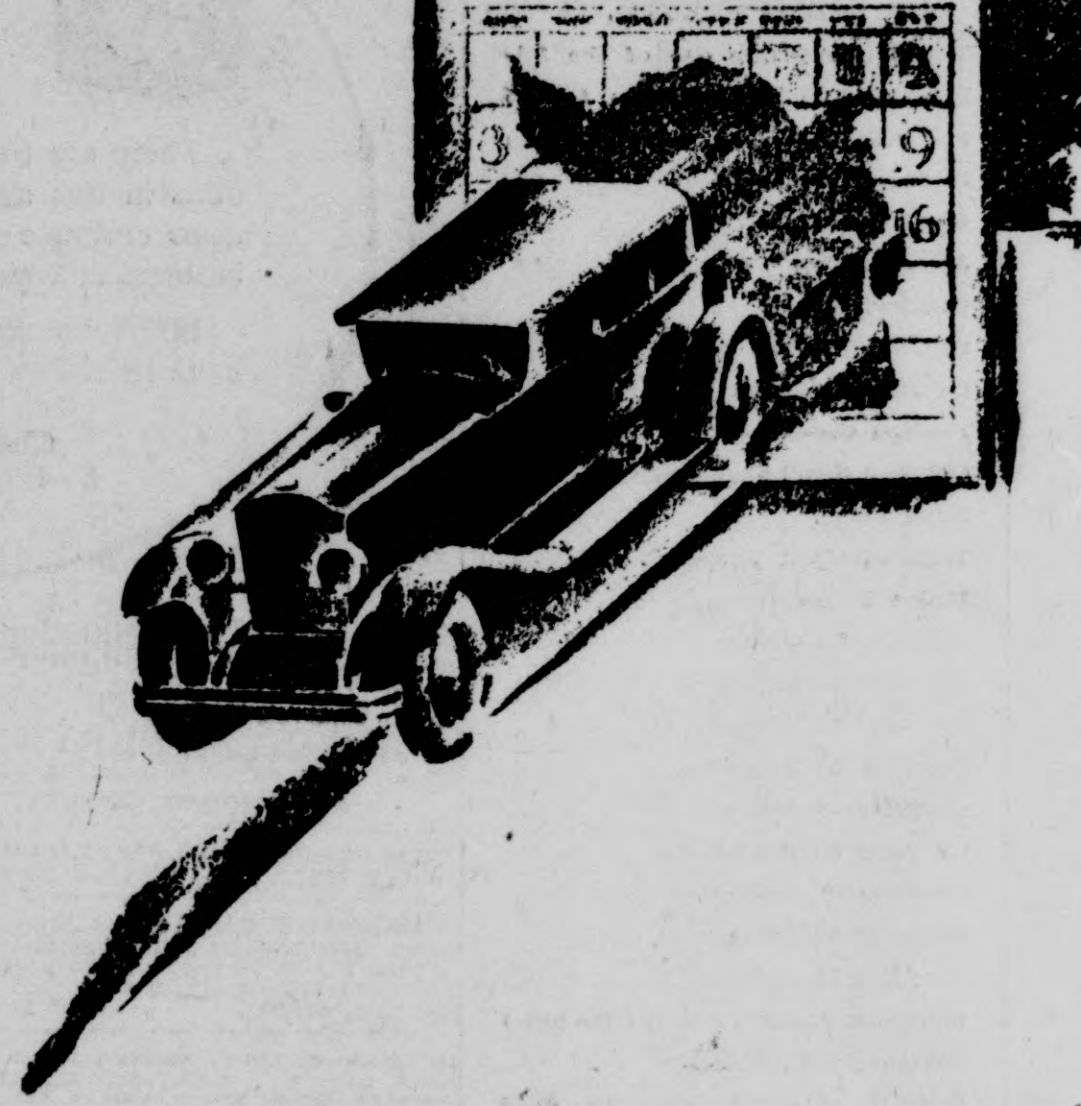

Every great football team must have one able punter at least. Even the powerful offenses, strike one or more equally strong defenses in the course of a season and the punter must be relied upon to kick the ball far and high so the ends and others can get down the field in time to stop the return. Even when with a comparatively weak team a great punter can accomplish wonders in booting the ball away from his own goal.

Among the present-day punters, big Jim Mooney, captain of Georgetown, is probably the greatest. He gets off booming spirals that soar high over 70 to 75 yards of greensward. He times his prodigious boots so well, gets such a mighty lift and imparts such a twist to the ball that his teammates are able to spring toward the receiver, tackling him usually as soon as the oval is caught. For more than two years Mooney has been acclaimed "the perfect punter" and this season he seems to be all that.

Since the coaches aim to develop at least one crack punter for their varsity teams there are scores of artists in this booming kick line throughout the nation. Benny Lom of California rates high among these powerful punters although his brilliancy in other lines tends to obscure his kicking skill.

In the fanfare over great punters experienced football fans do not ignore this fact: "Kickers, like baseball pitchers, have their off days and sometimes when apparently in top form a great punter will get off a horribly feeble kick." The Sport Bug recalls that even the marvelous Jim Thorpe in his halcyon days occasionally fooled a boot. That paragon of athletes erred just often enough to prove that he was human even on a gridiron. But most of Thorpe's boots—like "Jim" Mooney's—were perfect specimens of what pippin punts should be.

WINTER MONTHS

Use Sinclair Aircraft Gasoline Starts Cold Engines FAST Keeps them running smooth..

SINCLAIR Aircraft Gasoline! Use it in your car this winter . . . and get the kind of smooth engine-performance you expect in June! Sinclair Aircraft is the Ace of high test gasolines . . . a marvelous gasoline that starts cold engines fast, tunes them up quickly and keeps them running smoothly even when the wind is from the North and there's a zero nip in it!

You will be astonished at this remarkable gasoline. Not only does it start your engine fast and fill it with smooth power—but it gets out of your engine all the acceleration that is built into it.

It greatly reduces the use of the choke, eliminates engine balk, and eliminates gas locks, preventing jerky operation. It meets the specifications of the Federal Specifications Board for Aviation Gasoline, domestic grade.

Sinclair Aircraft Gasoline helps your car make good, regardless of weather conditions. This winter, enjoy driving. This winter, ride with Sinclair Aircraft Gasoline in your tank! At the Sinclair Pump with the Aircraft Globe.

Waynesburg Wins Over Grove City

Yellow Jackets Surprise With 12
To 7 Victory Over Grove
City College

GROVE CITY, Pa., Nov. 4.—A fighting Yellow Jacket outfit from Waynesburg descended on Grove City Saturday, and walked away with a 12 to 7, football victory, for one of the biggest surprises of the day in the Tri-State district. The game was played on a field ankle deep with mud and water.

The light but fast Grove City backfield men could not navigate through the mud, and were stopped on repeated thrusts at the line, and on end runs. Lufano and J. Porter scored the touchdowns for Waynesburg. For Grove City Munson the big fullback tallied.

McLarnin-Mandell Fight Tonight In Chicago Stadium

(International News Service)
CHICAGO, Nov. 4.—Two opposites, Sammy Mandell, the masterful boxing genius, and Jimmy McLarnin, the slashing puncher, will meet tonight before an expected crowd of 20,000 persons at Chicago stadium.

Mandell, lightweight champion, whipped McLarnin in their previous match of fifteen rounds in New York. Mandell probably will enter the ring at 7 to 5 favorite to win in spite of McLarnin's devastating wallop.

Wait! The football season hasn't ended, and there's still a chance for one of the experts to forecast a game correctly.—The Wichita Beacon.

Heating Stove Is Needed By Family

Salvation Army Would Appreciate Gift Of Such A Stove
At Once

There is immediate need of a large coal heating stove by an unfortunate family of this city, according to Ensign Thomson of the Salvation Army. It is desired that this unfortunate group of people, there being a number of children in the family, be given an opportunity to enjoy more comfortable home surroundings through the generosity of some person who no longer needs the stove.

Any person having such a stove and desiring to give it for this purpose is requested to call Ensign Thomson at Bell phone 5420-J.

Too Many Receptions And Banquets For Aged Leader Of
World's Champions

(International News Service)
PHILADELPHIA, Nov. 4.—Laterally overcome by the honors and banquets accorded him as the manager of the world's baseball champions, Connie Mack, the Athletics veteran leader, lies ill abed today. His illness is not serious, physicians say, and came about through "dining not wisely, but too well."

"Too many banquets," was the pronouncement of the physicians as they ordered cancellation of all scheduled dinners and prescribed rest and quiet for their patient. Up to the time the 67-year-old baseball manager's stomach rebelled he had been at the beck and call of endless numbers of civic and fraternal organizations who requested him to appear and give his account of how he won the highest honors in baseball.

NEW YORK STOCKS

Huge Transactions As Stock Market Opens

(International News Service)
NEW YORK, Nov. 4.—Offsetting the huge buying demand for industrial stocks at the opening of the stock market today, after its three-day shut-down, was an enormous accumulation of selling orders from large traders and professionals who had brought at the lowest prices of the decline and were therefore ready to "cash in" on their profits.

Instead of the expected sky-rocketing of the speculative favorites, sharp losses were recorded in all stocks which had snapped back sensationally from Tuesday's low price ranges. In a 2,000,000-share turnover in the first half-hour, these favorites tumbled 5 to 14 points, with numerous 20,000 and 50,000-share blocks passing through.

Columbia Gas lost 11½ at 76. Johns Manville was down 12 points at 130. Radio down 8 at 42; Union Carbide down 8; American and Foreign Power down 10½; Fox Film down 9½; Westinghouse down 10½ and representative industrial, railroad and utility shares down 2 to 6 points.

Since last Thursday's session ample evidence of the enormous shrinkage in brokers' loans, the result of last week's crash, has been furnished. The Reserve board report for last week showed a shrinkage of \$1,096,000,000 and the stock exchange's October compilation a decrease of \$2,440,000,000 for the month. The New York Reserve bank reduced its rediscount rate to 5 per cent, but these and

other favorable factors had been largely discounted in Thursday's sharp rally.

Further scrutiny of broker's ledgers over the week-end revealed a few more weak spots in impaired margins etc., calling for prompt selling of such stocks "at the market."

With this week-end selling out of the way, the market was once more in a position to rally. Fresh buying demand was stimulated by the unexpectedly low prices of favorite stocks at the opening and the full effect of broad investment demand was also felt as the session advanced.

United States Steel, which started the day at 185, climbed to 191½ before the end of the first hour. Radio rallied from 42 to 46½; Westinghouse from 150 to 155; Erie from 58 to 60½; Vanadium from 58 to 61½.

General business and financial conditions were practically unchanged. Prominent business and administration leaders hastened to assure the country that fundamental conditions were sound and the bankers consortium announced that no meeting would be held today. The trading pace was fast, the tickers falling behind 24 minutes in the second hour.

Considering the enormous activity of the market, price changes from the opening were comparatively narrow, while losses as compared with Thursday's close ranged from 4 to 8 points.

Call money was unchanged at 6 per cent.
